

Agenda Report

DATE: OCTOBER 6, 2008

TO: CITY COUNCIL
PASADENA COMMUNITY DEVELOPMENT COMMISSION

FROM: CITY MANAGER/CHIEF EXECUTIVE OFFICER

SUBJECT: ADOPT RESOLUTION AUTHORIZING THE CITY MANAGER, CHIEF EXECUTIVE OFFICER OR DESIGNEE TO ACCEPT GRANTS AND DEEDS FROM PROPERTY OWNERS CONVEYING INTERESTS IN REAL PROPERTY TO ENABLE CITY DEPARTMENTS TO PROVIDE PUBLIC WORKS AND OTHER SERVICES.

RECOMMENDATION:

It is recommended that the City Council/Pasadena Community Development Commission ("Commission") adopt a resolution authorizing the City Manager/Chief Executive Officer ("CEO") or designee to accept grants, deeds, easements and dedications approved as to form by the City Attorney's Office from property owners conveying interests in real property to the City/Commission for Public Works and other purposes.

BACKGROUND:

It is routinely necessary to obtain easement dedications from property owners in order to upgrade or maintain public works facilities for City customers, and occasionally accept donated real property interests. Primary examples are: 1) deed acceptances required for housing acquisitions previously approved by Commission, 2) street widening or extension projects where easements or a fee interest (if adjacent to City fee owned right of way) must be obtained from property owners in order to construct right of way improvements adjacent to the properties they serve, and 3) donations.

Section 27281 of the Government Code provides that a public agency may not have deeds or grants from third parties conveying interests in real property to the agency accepted for recordation without a certificate or resolution of acceptance evidencing the agency's consent. The law permits agencies to adopt a general resolution authorizing its officers to accept and consent to such grants.

As with similar authority granted in Resolution No. 7042 by City Council on December 6, 1993 to the General Manager of the Water and Power Department, it is in the interest of convenience and efficiency to delegate authority to the City Manager, CEO or designee to accept various types of grants related to the transfer of real property interests including, but not limited to, deeds, easements and dedications from property owners.

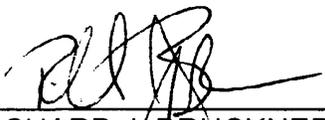

Staff will continue to exercise due diligence in investigating a parcel's condition and its benefit to the City/Commission prior to accepting a grant of real property interest to insure that there are no substantial liabilities being assumed for remediation of the site or correction of defective or hazardous conditions. The Chief Executive Officer and City Manager would be able to accept property where due diligence discloses that the City is not incurring liabilities reasonably in excess of \$100,000. Where the potential liability exceeds this amount, City Council approval would be required to accept the deed or grant.

Approval of this item will eliminate the present need for a City Council/Commission action each time such a deed or grant must be accepted on behalf of the City or Commission for all departments except the Department of Water & Power, which was previously granted such authority.

FISCAL IMPACT:

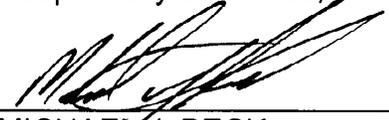

No direct fiscal impact. Staff time in the preparation and processing of several agenda reports presently presented to the City Council/Commission on these matters each year will be eliminated, as well as a like reduction in the number of matters on City Council/Commission Council agendas.
