RE: Historic Preservation Commission Review and Comment on the National Register of Historic Places Nomination of Cultural Resources of the Recent Past, City of Pasadena Multiple Property Submission

Dear Mr. Cronin:

Pursuant to the Certified Local Government Agreement between the Office of Historic Preservation (OHP) and your governmental entity, we are providing your historic preservation commission with a sixty (60) day review and comment period before the State Historical Resources Commission (SHRC) takes action on the above-stated National Register of Historic Places (National Register) nomination at its next meeting. Details on the meeting are enclosed.

As a Certified Local Government under the National Historic Preservation Act of 1966, as amended, your commission may prepare a report as to whether or not such property, in its opinion, meets the criteria for the National Register. Your commission's report should be presented to the Chief Elected Local Official for transmission, along with their comments, to California State Parks, Attn: Office of Historic Preservation, Milford Wayne Donaldson, FAIA, State Historic Preservation Officer, P.O. Box 94286, Sacramento, California 94296-0001. So that the SHRC may have adequate time to consider the comments, it is requested, but not required, that OHP receives written comments fifteen (15) days before the SHRC's meeting. If you have questions or require further information, please contact the Registration Unit at (916) 653-6624.

As of January 1, 1993, all National Register properties are automatically included in the California Register of Historical Resources and afforded consideration in accordance with state and local environmental review procedures.

Supplemental information on the National Register is available at our website at the following address: www.ohp.parks.ca.gov.

Thank you for your assistance in this program.

Sincerely,
