

Example of a Donation Collection Facility

Signage in the Central District

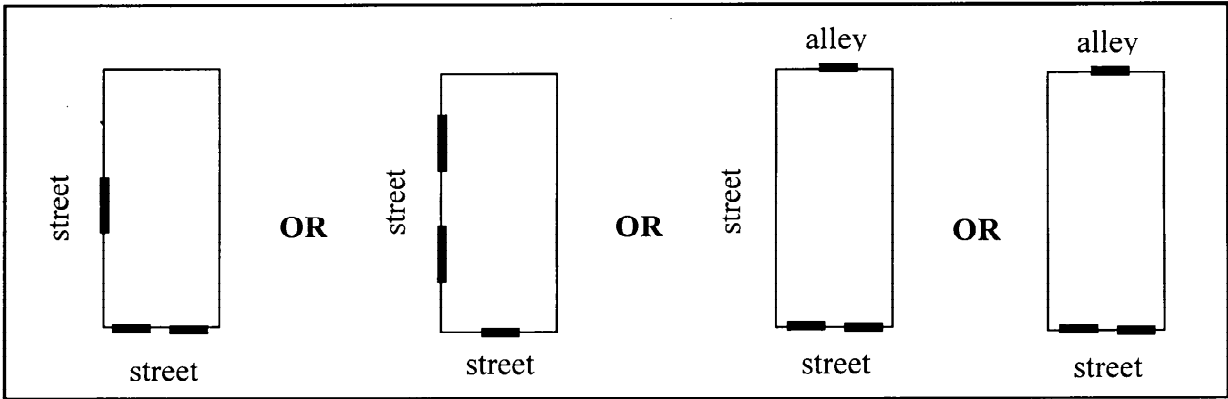

Current Regulation

Two signs per ground floor occupancy with a total size of all signs of 1.5 square feet of sign area per foot of building frontage.

Proposed Regulation

Two signs per ground floor occupancy with a total size of 1.5 square feet of sign area per foot of building frontage *and one sign on an additional frontage with a size of 1.0 square feet per foot of building frontage.*

For Example: If a store has 25 feet of frontage, it is allowed two signs - each a maximum of 38 sq. ft. (about 6 ft. by 6 ft.). If the store had 25 ft. of frontage on an alley it would be allowed an additional sign that would be a maximum of 25 sq. ft. (5 ft. by 5 ft.),
