Subject: Resignation - Arts & Culture Commission

Dear Chris,

I have decided to resign from the Arts & Culture Commission. Please have my resignation take effect immediately. My agency is currently going through a critical period. Membership on the Arts & Culture commission would require a time commitment that is not feasible for me to accept at this time. Thank you for appointing me to the commission. And of course many thanks for your friendship. Both you and Council-Member Robinson certainly have my full support.

Sincerely,

Thelma Johnson
