Mr. Thomas Seifert
Dura Art Stone
1785 Locust Street #11
Pasadena CA 91106

Dear Mr. Seifert;

Effective immediately I will be resigning my position on the Board of Directors of the Pasadena Center Operating Company.

The past six years have been a wonderful experience. I am most impressed with the caliber of the people who serve on the Board and the Staff of the Center. They are a shining example of excellence and dedication to public service. I especially want to thank Michael Ross, Jamie Canfield, and their team for their extraordinary efforts to bring the expansion project to reality. I also want to thank Mr. Tom Seifert for his leadership. I have learned a great deal from him and he is truly an asset to the Pasadena community.

I am proud to be part of one of the largest public works projects in this City's history. The fact that the project was done under budget, completed six weeks early, is the greenest building of its type in the United States, and is quickly becoming a model of good urban design is a point of great personal and professional pride. Every time I walk by the Center from my house I can't help but be pleased.

I would like to wish the Board of Directors the best of luck and success and hope the Center becomes an even more integral part in the Civic life of this City.

Sincerely,

Sam Gennawey
