**Subject:** Eddie's Market 217 South Michigan item 6 on 8/3 agenda

Mark:

My client requests a continuance of this matter, which is presently set for hearing on Monday, September 21, 2009. My client must attend a hearing that night at the City of Monrovia concerning eminent domain proceedings against property he owns there in connection with the Gold Line expansion. Please confirm that this hearing will be continued briefly so that my client can attend the hearing in Monrovia concerning his property located there.
