Subject: NW Commission Resignation
Auto forwarded by a Rule

All,

Please accept this email as notice of my resignation from the Northwest Commission. It has been an honor to serve for the past 2 years, but I am no longer able to devote the time required to fulfill this position. Several factors have gone into my decision, including my son recently starting kindergarten, changes in my duties at work, and personal projects that I'm working on at home. I have the utmost respect for the commissioners I served with and city staff I have interacted with throughout my time on the commission.

I applaud the City for its willingness to address the issues in Northwest and hope to see continued success.

Thanks again for the opportunity to serve, Dan.
