University of Michigan – Michigan Stadium

The renovation and expansion project at Michigan Stadium is currently in progress. The stadium is the home of the University of Michigan football team. The renovation is expected to be completed in 2010 and will include the addition of 82 luxury suites and approximately 3,681 club seats. In addition to the new premium seating sections, other improvements such as new concourses, restrooms, and concessions, among others, will be included. The project has is estimated to cost approximately \$226.0 million, but may be completed at a slightly higher price according to university representatives.

Stadium:	Michigan Stadium
New Construction/Renovation:	Renovation
Year Open/Renovated:	2010

[Case Study Requires Additional Verification – Figures Reflect 2006 Renovation]

Boone Pickens Stadium is the process of an additional expansion and renovation. The renovation plans follows a three phase approach. Improvements included adding luxury suites and club seats, renovating restrooms and concession stands, and adding a new upper concourse, among others. At completion, the stadium is expected to have approximately 53,000 seats (with capability for future expansion), 56 luxury suites, and 4,400 club seats (to be confirmed).

Virginia Polytechnic Institute and State University (Virginia Tech) – Lane Stadium

Lane Stadium was originally built in 1965. Lane Stadium has undergone a three phase expansion and renovation project (started in 1999) which included the addition of luxury suites, club seats, ticket offices, Hokie Club offices, academic offices, new press box, bleacher seats, and video scoreboard, among others. Renovations were completed prior to the 2005 season. The south end zone expansion was called “The Game Plan” and was approximately a \$36.0 million project. The west side expansion was expected to cost approximately \$57.0 million, but final costs came in just under at approximately \$54.0 million.

Louisiana State University – Tiger Stadium

Tiger Stadium underwent renovations in 2000 and 2005. In 2000, there were approximately 9,000 seats and 70 luxury suites added to the stadium. The renovation project cost approximately \$50.0 million and was financed by the Tiger Athletic Foundation. The 2005 renovation included the addition of approximately 3,300 club seats to the west-side of the stadium at a cost of approximately \$60.0 million. Renovations were funded by premium seating revenue and private donations. Limited project funding information was available.

University of Georgia – Sanford Stadium

Sanford Stadium was recently renovated in 2003 and 2004. The stadium was originally built in 1929. The renovation project included the addition of a second upper deck on the north side of the facility, as well as the addition of new luxury suites. The stadium has a capacity of approximately 92,746 and includes 77 luxury suites and 916 club seats. The renovation project reportedly cost approximately \$33.0 million (limited project funding information was available).

University of Arkansas – Donald W. Reynolds Razorback Stadium

Donald W. Reynolds Razorback Stadium was originally built in 1938. The stadium has undergone numerous renovations and expansion since opening, with the most recent being in 2001. The 2001 renovation increased the capacity of the stadium from 51,000 to approximately 72,000. The renovation included the expansion of the press box and additional luxury suites. Other improvements included wider concourses, new concession areas, and new restrooms, among others. The renovation at the stadium cost approximately \$118.0 million, with the largest contribution donated by the Donald W. Reynolds Foundation (approximately \$20.0 million to \$25.0 million)

Ohio State University – Ohio Stadium

Ohio Stadium was renovated prior to the 2001 football season. Reports indicate the renovation project was completed at a cost of approximately \$194.0 million. The renovation project included the addition of approximately 81 luxury suites and 2,627 club seats. The project also included widening the concourses and improvements to restroom facilities and concession stands.

Appendix B – NCAA Stadium Case Studies

University of Kentucky – Commonwealth Stadium

Commonwealth Stadium is the home of the University of Kentucky football team. The stadium originally opened in 1973, but was expanded in 1999. The expansion project included the enclosing of both end zone sections, addition of 40 luxury suites (10 per corner), and other improvements such as additional concessions and restrooms, new scoreboard, and new sound system, among others. The stadium currently has a seating capacity of approximately 67,606. There are 40 luxury suites, but no loge boxes or club seats. Luxury suites have been sold-out since 1999 and currently have a waiting list of 30 interested parties.

Appendix C – Regional Facility Overview

Los Angeles Memorial Coliseum

The Los Angeles Memorial Coliseum (Coliseum) was originally constructed in 1923. The facility underwent a renovation in 1993. There are approximately 92,516 seats at the stadium, with no luxury suites and no club seats. The Coliseum is currently the home of the USC football team. The Los Angeles Memorial Coliseum Commission and USC agreed to a 25 year lease extension with USC in 2008. The lease requires that substantial capital improvements are made to the facility based upon a pre-determined schedule that is included in the lease.

Appendix C – Regional Facility Overview

Staples Center

The Staples Center was built in 1999 and includes approximately 20,000 seats, 154 luxury suites, and 2,589 club seats. Staples Center is owned and managed by the LA Arena Operating Company. The arena is home to the NBA Los Angeles Clippers, NBA Los Angeles Lakers, and NHL Los Angeles Kings. Staples Center was primarily privately funded. The City of Los Angeles funded the acquisition of the land surrounding the arena.

Arena:	Staples Center
New Construction/Renovation:	New Construction
Year Open/Renovated:	1999
Total Seating Capacity:	20,000
Luxury Suites:	154
Price Range:	\$225,000 - \$475,000

Appendix C – Regional Facility Overview

Dodger Stadium

Dodger Stadium has been the home of the Los Angeles Dodgers (Dodgers) since it opened in 1962. Dodger Stadium was privately financed. Over the years, there have been a number of renovation projects at the facility. New field level seats, luxury suites, and club areas, among others were recently added to the stadium. Dodger Stadium has approximately 56,000 seats, 33 luxury suites, and 565 club seats.

Stadium:	Dodger Stadium

Appendix C – Regional Facility Overview

Angel Stadium of Anaheim

The recently renamed Angel Stadium of Anaheim (Angel Stadium) was renovated in 1998. The renovation was a condition of the sale of a minority, controlling interest in the recently renamed Los Angeles Angels of Anaheim (Angels) to the Walt Disney Company (Disney). The stadium is the home of the Angels. The Angels lease the facility from the City of Anaheim (City). Angel Stadium has approximately 45,050 seats, 78 luxury suites, and 5,075 club seats.

Stadium:	Angel Stadium of Anaheim
New Construction/Renovation:	Renovation
Year Open/Renovated:	1998
Total Seating Capacity:	45,050

Appendix C – Regional Facility Overview

Home Depot Center

The Home Depot Center opened in 2003. The facility is owned and managed by the Anschutz Entertainment Group. The soccer stadium at Home Depot Center includes approximately 27,000 seats, 42 luxury suites (additional 6 event suites), and 1,500 club seats. The facility is the home of two MLS franchises: Los Angeles Galaxy and Club Deportivo Chivas USA. In addition to the soccer stadium, the Home Depot Center includes a tennis stadium, event center, track and field facility, and baseball and softball center.

Stadium:	Home Depot Center (Soccer Stadium)
New Construction/Renovation:	New Construction
Year Open/Renovated:	2003
Total Seating Capacity:	27,000
Luxury Suites:	42
Price Range:	\$67,000 – \$158,000

Appendix C – Regional Facility Overview

University of Southern California – Galen Center

The Galen Center at the University of Southern California (USC) opened in fall 2006. The facility is the home of the USC men’s and women’s basketball and volleyball teams. The Galen Center also hosts campus, community, and cultural events. The arena has approximately 10,258 seats and 20 luxury suites at the facility (only 10 suites were initially built-out). The Galen Center reportedly cost \$147.0 million (including the pavilion, offices, and practice facility). Louis and Helene Galen reportedly donated \$60 million toward the construction of the arena.

Arena:	Galen Center
New Construction/Renovation:	New Construction
Year Open/Renovated:	2006
Total Seating Capacity:	10,258
Luxury Suites:	10
Price Range:	\$40,000 - \$60,000
Number of Seats:	12
Club Seats:	0
Price Range:	Not Applicable

Sources: University of Southern California, internal database, and industry research.

Appendix C – Regional Facility Overview

Proposed NFL Stadium – City of Industry

A new NFL stadium has been proposed in the City of Industry. The stadium would have seating for approximately 75,000 (expansion to 80,000) and include 175 luxury suites and 11,000 club seats. The stadium would reportedly cost approximately \$800 million. The project is led by developer Ed Roski. Roski has indicated that he would potentially like to have two teams to the stadium. He has also indicated that he would require some form of ownership interest in one of teams. It has been reported that if Roski is successful in his attempt to attract a team that would relocate, the team could play up to three years in an interim location (i.e., Rose Bowl, Los Angeles Coliseum) before the new stadium is constructed.

Stadium:	Los Angeles NFL Stadium
New Construction/Renovation:	New Construction
Year Open/Renovated:	To be Determined
Total Seating Capacity:	75,000 (80,000)
Luxury Suites:	175
Price Range:	To be Determined
Number of Seats:	To be Determined
