Subject: Arts Commission Resignation

Hi Jacque...Recently i've had some serious health problems; principally relating to my heart. In this regard I find it difficult to focus on few things not related to my condition. In consequence I am submitting this letter of resignation from the Arts & Culture Commission. It has been a wonderful experience and I shall forever be grateful to you for having the confidence in me to render my appointment to the commission. Please consider this resignation effective immediately.

The very warmest of regards,
Ralph
