Hi Phil,

I apologize for my absence from the last few board meetings, I have indeed aquired a few new responsibilities that have made it difficult for me to participate in the scheduled meetings. At this time I am finding myself unable to continue representing district 4 at the PCAC meetings. I appologize for the lack of communication these past months as I have been going through a job transition. I have already contacted Gene Masuda to discuss removing myself from the PCAC board.

It was wonderful meeting all the board members and representing district 4 for the short period. I just wish I had more time to dedicate. Thank you for the opportunity to work with the board, I appologize for any inconvenience my absence and my leaving the board may cause.

Good luck with all your future endeavours.

Cordially,

Dominic
