INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON PROCEDURES APPLIED TO APPROPRIATION LIMIT WORKSHEETS

The Honorable Mayor and City Council
City of Pasadena
Pasadena, California

We have performed the procedures enumerated below to the accompanying appropriations limit worksheets of the City of Pasadena, California, for the year ended June 30, 2012. These procedures, which were agreed to by the City of Pasadena, California, and the League of California Cities (as presented in the League publication entitled *Agreed-Upon Procedures Applied to the Appropriations Limitation Prescribed by Article XIII-B of the California Constitution*), were performed solely to assist the City of Pasadena, California, in meeting the requirements of Section 1.5 of Article XIII-B of the California Constitution.

The City of Pasadena (City) management is responsible for the appropriations limit worksheets. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures performed and our findings were as follows:

1. We obtained the completed worksheets referred to above and compared the limit and annual adjustment factors included in those worksheets to the limit and annual adjustment factors that were adopted by resolution of the City Council. We also compared the population and inflation options included in the aforementioned worksheets to those that were selected by a recorded vote of the City Council.

Result: No exceptions were noted as a result of our procedures.

2. We recalculated the mathematical computations reflected in the City worksheets.

Result: No exceptions were noted as a result of our procedures.

3. We compared the current year information used to determine the current year limit and found that it agreed to worksheets prepared by the City and to information provided by the State Department of Finance.

Result: No exceptions were noted as a result of our procedures.
