ADVISORY COMMISSION RECOMMENDATIONS

On April 20, 2012 the Northwest Commission approved a motion to recommend to the City Council funding for L.A. County Neighborhood Housing Services and the Ecumenical Council of Pasadena Area Congregations for CDBG Non-Public Service funding, as summarized on page 2 of Attachment B.

On April 25, 2012 the Human Services Commission approved a motion to recommend to the City Council funding for CDBG Public Service, Emergency Shelter Grant, and Human Service Endowment Funding to those agencies identified in Attachment B.

BACKGROUND

Annually, the federal government makes funding available to local communities through programs operated by the U.S. Department of Housing and Urban Development (HUD). These programs include Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG) and Home Investment Partnership Act (HOME). Within the CDBG program there are three sub-categories of funding available for: City Set-Aside programs, which are operated directly by local government agencies; Public Service awards which focus on such things as education, employment and training, food and nutrition, health care, homelessness, and services for youth and young adults; and Non-Public Service projects which focus on such things as housing, public facilities improvements and economic development.

In order receive funding under the federal programs local agencies must submit an Annual Action Plan to HUD. The Annual Action Plan sets forth the projected use of funds for the coming year. The Action Plan addresses the available resources for program/project implementation, activities to be undertaken, program guidelines, monitoring etc. The Plan addresses the goals and objectives as outlined in the City's Strategic Plan included in the City's Five Year Consolidated Plan (2010-2015). The Draft Annual Action Plan was available for public review and comment from April 6, 2012 to May 7, 2012. No comments were received.

In order to distribute these funds, with the exception of the CDBG City Set-Aside recommendations, which are determined by the City Manager, the City issues a

Request for Proposals (RFP). The RFP for the current program year, 2012-2013, was issued on December 2, 2011. In addition to being a mechanism for distributing federal funds, the RFP process is also used to distribute the annual allocation from the City's Human Services Endowment Fund.

For the current program year a total of \$3,176,447 in funding is available for distribution, which includes program income and carryover funds in the CDBG program, are distributed as follows:

	Funding Sources	Amount
1	HOME Annual Entitlement	\$ 618,263
2	Emergency Shelter Grant Program (ESG)	\$ 178,059
3	Human Services Endowment Funds	\$ 110,000
4	CDBG – City set-aside	\$ 1,267,486
5	CDBG – Public Service	\$ 263,041
6	CDBG – Non-Public Service	\$ 359,887
7	CDBG- Debt Service	\$ 359,711
	TOTAL	\$ 3,176,447

The projects and programs recommended for funding with Emergency Shelter Grant Program, Human Services Endowment and CDBG Public Service Funds are summarized in Attachment B.

The *CDBG City Set-Aside* recommendations for the current program year are set forth in Attachment C and include ADA improvements at the Jackie Robinson Center, Rehabilitation of the El Centro Building in Central Park, supplemental funding for the construction of a dental clinic at the City's Health Center and partial funding for the MASH program.

As indicated above, the Northwest Commission is recommending the award of Non-Public Service funding for housing, economic development and public facilities improvements to two organizations, Neighborhood Housing Services of L.A. County (\$250,000) for Neighborhood Revitalization Project and the Ecumenical Council of Pasadena Area Congregations' Friends in Deed House Safety and Upgrade Project (\$50,000), which consists of upgrades to the organizations' facility which houses their food pantry, Women's Room, and other homeless programs. This proposal received the lowest overall score based on the RFP and as such staff does not recommend funding.

Staff is proposing an alternate funding approach than that recommended by the Northwest Commission. Staff recognizes the quality proposal submitted by Neighborhood Housing Service of LA County but realizes that it utilizes in excess of 80% of Non-Public Service funds available to the community and therefore minimizes opportunities for other worthwhile programs. On a go-forward basis staff is considering

modifying the award process so as to cap the maximum amount requested by an agency to not more than a fixed percentage of the total funds available.

The programs and respective funding awards recommended by staff are found on Attachment A. In making these recommendations, staff considered other factors in addition to the desire to fund multiple agencies. For example, staff is recommending an award to IDEPSCA to support the pushcart vendor program, which for a number of years the City has supported through CDBG funding. Without such support the pushcart vendors would be unlikely to meet the requirements of the City's pushcart regulations which safeguard public health standards by requiring operators to utilize a commissary for the storing and preparation of food items.

COUNCIL POLICY CONSIDERATION

This proposed action supports the City Council Strategic Planning Three-Year Goals specifically in the areas of improving, maintaining and enhancing public facilities and infrastructure, supporting the quality of life and maintaining fiscal responsibility and stability.

FISCAL IMPACT

Approval of the Annual Action Plan (2012-2012) by the City Council and subsequent approval by HUD will provide an allocation of \$3,176,447 (\$3,066,447 federal and \$110,000 local) for housing/ community development activities.

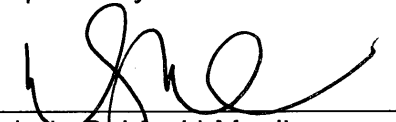

Approval of the Five-Year Consolidated Plan and Annual Action Plan also enables the City to be eligible for other federally funded programs requiring consistency with an adopted Five-Year Consolidated Plan/Annual Action Plan.
