

Oppose NFL use of the Rose Bowl and Increase of Allowed Displacement Events

"I oppose renting the Rose Bowl to an NFL team over a temporary 5 year period, a shorter period, or permanently. I also oppose the Pasadena City Council proposed change to the Pasadena Municipal Code (Chapter 3.32) that would allow 25, instead of the current 12, displacement events at the Rose Bowl each year over a temporary 5 year period, a shorter period, or permanently, as such a change would have a profoundly negative impact on the quality of life of Pasadena residents and neighboring communities (e.g., South Pasadena, Eagle Rock, La Canada-FlintRidge, Sierra Madre, Arcadia, San Marino, Highland Park, etc)."

Sincerely,

Nicholas Becker
San Marino, California

Sincerely,

I am concerned that the temporary use of the Rose Bowl will be very disruptive to the Pasadena community. One of

the things I love about living in Pasadena is the small city feel and the plethora of independent shops & restaurants. If the NFL uses the Rose Bowl it will bring many visitors that will increase traffic & smog that will have a negative on the physical and mental health of the residents. Additionally the influx of people will bring large corporate restaurants & stores that, I fear, will ruin the uniqueness of the Pasadena community & possibly stifle local small businesses.

Sincerely,

I use the trails around the Rose Bowl on weekends for a safe place to run off the streets. They close down the access to these trails up to 4 hours before UCLA games for tailgating. Presumably it would be even more restricted for NFL games, further denying access to these trails on weekends when they are used most.

Greetings,

Please help us preserve Pasadena neighborhoods and the Arroyo Seco/Rose Bowl recreational area!

Oppose NFL use of the Rose Bowl and Increase of Allowed Displacement Events

"I oppose renting the Rose Bowl to an NFL team over a temporary 5 year period, a shorter period, or permanently. I also oppose the Pasadena City Council proposed change to the Pasadena Municipal Code (Chapter 3.32) that would allow 25, instead of the current 12, displacement events at the Rose Bowl each year over a temporary 5 year period, a shorter period, or permanently, as such a change would have a profoundly negative impact on the quality of life of Pasadena residents and neighboring communities (e.g., South Pasadena, Eagle Rock, La Canada-FlintRidge, Sierra Madre, Arcadia, San Marino, Highland Park, etc)."

Sincerely,

It's a quality of life issue for those who live near the Arroyo and use it's bridges to pass back and forth. Who use it's trail for exercise, and who walk the Rose Bowl because it's safe.

Elizabeth Garrison
Los Angeles, California

Sincerely,

My children and I use the rose bowl area during the weekend for soccer, bicycling and flying model planes. We love the open space, the greenness and the friendly interaction with fellow Pasadenians. Football fans tend to leave trash behind. They can be quite rowdy. Not worth the extra income for the city.

Sincerely,

Its important because voters already made their wishes known-voting 72% against welcoming the NFL- ignoring resident's concerns over quality of life so cavalierly is outrageous. Another valid concern is the amount of crime that will visit our area.

Sincerely,

I'm signing this petition because as I look further into the issue I see that there is very little information about the effect this will have on the surrounding area other than money. And although I understand wanting to make a profit it seems

that the long term effects have not been weighed. I use the Rose Bowl because it's safe, beautifully kept and clean. Although I do have places to go to in South Pass as well as San Marino, I like the space the fields provide in the outlying areas of the arena for my son to run and play in. My fear is that the added events will not only effect my ability to access it, but it will effect the up keep of the venue and quite rankly the safety of the area. Part of what is so attractive about the Rose Bowl is that the surrounding neighborhood has such a serene atmosphere which is interrupted during events and with the onslaught of more events it seems so daunting. I fear that I will no longer want to go into the area due to the hassle. If more people feel this way, they won't go either, and word will spread about how inconvenient it is to go to what used to be a pretty nice place and it will ultimately have a negative impact. Maybe this has all been thought out but it doesn't seem to me that there is much information released about the impact versus the benefits and only the immediate cash flow was considered.

Sincerely,

We often walk around the Central Arroyo for recreation. Every weekend during the football season, we will be excluded from the entire area from as early as 8 hours before a match. This is totally unreasonable. In addition, we live on a road used to feed traffic leaving the matches to the freeways, and cannot get in or out of our driveway for hours. The traffic noise and fumes from the cars and buses reaches above safety limits. To have this every weekend is far too much.

Barbara Ellis
Pasadena, California

Sincerely,

Los Angeles may want the NFL, but Pasadena already loudly said NO in 2006 and we say NO again in 2012! It's shameful for the city to spend \$400,000 on an EIR study, when we could have done studies to improve safety and quality of life instead!
