Dear Mayor Bogaard,

It is with great sadness that I must resign as your Mayor's Appointee to the Commission for Accessibility and Disability Services in Pasadena effective immediately. Family issues and work stresses have taken priority for me at this time. I value the Commission to which I have served for more than 5 years and believe in the work we have done to help all the citizens in our wonderful city and visitors alike. We were once a Commission of 4 members and you encouraged City Council members to support this Commission. This enabled us to grow to our current 9 member status to represent our diversity throughout Pasadena. This is something you fostered for many years, and I personally thank you! You have been a wonderful Mayor and leader.

I believe the Commission is a valuable part of the Pasadena City culture and continues to grow in the dynamics as the needs arise. I truly appreciate your support as the past Chairperson for 2013-2014 and wish you all the best in your own future. I am also sad to learn you will not run for re-election as our "Dear Mayor Bogaard of Pasadena" again.

Warmest regards,

Dolores M. Gibbs
