Subject: 180 S. Euclid Appeal to City Council

Mark – Per our conversation, this e-mail is to request that the public hearing being scheduled under Item 8 on tonight’s City Council Agenda be changed from January 11, 2016 to January 25, 2016, i.e., the public hearing on the “Appeal of a Design Commission Decision to the City Council Regarding the Consolidated Design Review for the Demolition of a Potentially Historic House at 180 South Euclid Avenue (PLN2015-00545).” As I mentioned, we would like to make sure our witnesses are at the hearing and the January 25 date works better in that regard. Per your request, I have copied David Reyes and Kevin Johnson – who handled the matter in front of the DRC on November 24 -- on this request so that they are aware of it. Please let me know if our request is granted or if you need anything else for it. Thank you.
