Honorable Mayor Terry Tornek
City of Pasadena
100 N. Garfield Avenue
Pasadena, CA 91101

RE: APPOINTMENT TO FILL DISTRICT 7 COUNCIL VACANCY

Dear Mayor Tornek:

The Armenian National Committee of America, Pasadena Chapter (ANCA) highly recommends Ciran Hadjian for the District 7 Council vacancy. Her qualifications make her an exceptional City Council member.

Ciran Hadjian was born and raised in Pasadena. Ms. Hadjian continued her education throughout prestigious institutions including UCLA (1989) Harvard University (1999), and the University of Southern California (1998) and earned two masters degrees. Ms. Hadjian was a community builder for the US Department of Housing and Urban Development (HUD) in Washington DC and Los Angeles, where she has spearheaded and coordinated over 1,800 rehabilitation projects in 150 cities.

Her civic and community contributions are admirable. She has served on several commissions and embarked in several leadership roles within the commissions. Within the Tournament of Roses Foundation, Ms. Hadjian has been the treasurer, secretary, and a board director. She has also committed herself to working with the City's youth, including the Boy and Girl Scouts. Additionally, Ms. Hadjian was active in the City's Senior Center as their board director.

We strongly encourage the City Council to appoint Ciran Hadjian for the District 7 Council seat. Her continued dedication to public service will make her an excellent candidate for City Council.

Sincerely,

Vahe Majarian
Vice Chair – ANCA, Pasadena Chapter

Mayor Tornek and City Council Members
City Hall
Pasadena, CA 91101

Dear Mayor Tornek and City Council Members:

As a member and former Board Director of the Pasadena Angels and a member of the Board of the Southern California Biomedical Council, I am writing in support of Andy Wilson for appointment to the City Council.

The work that Andy has done to create and build the Pasadena Innovation organization is important for the future growth of the City. It stimulates and fosters creativity and the development of high tech jobs and companies in the area.

Andy's experience in developing start up companies would give the Council good expertise in any effort to grow this area of business.

Yours sincerely,

Bruce A. Blomstrom
