Hi William,

How's it going?

I'm not sure if Nat informed you, but last month I submitted my resignation from the Commission to my City Councilman Gene Masuda, effectively immediately. My work responsibilities need to be my focus right now, and I felt that it's not right to not be able to participate in Commission matters as I should. Please extend my best regards to the Commissioners. I enjoyed my time on the Commission, and learned a lot in the process.

Thanks,

Soji
