Re: City of Pasadena Design Commission

Dear Mayor Bogaard:

I regretfully write to report that I must resign from the Design Commission. I have recently received two important architectural/construction projects in San José del Cabo, Baja California Sur, Mexico. The architectural profession has been lean for the last six years and these are projects I cannot pass up. For the next six months these projects will require my on-site presence four days a week, from Tuesday - Friday. The Design Commission meeting date has shifted from Monday to Tuesday evenings and I'm not able to attend with sufficient frequency. The design commission deserves full attendance of all commissioners and I take the responsibility very seriously. Therefore, I believe it's only fair that I resign my position on the Design Commission. I have served on the Commission for five years, with one year remaining on my second and final term.

Thank you for trusting me with this responsibility, and please know that I am very honored to serve on the Design Commission and proud to contribute to the preservation and promotion of the architectural legacy of our beautiful city.

Respectfully,

A handwritten signature in black ink, appearing to read 'Roberto Moreno', with a horizontal line striking through the middle of the letters.

Roberto Moreno
