Dear Ladies,

After looking at every aspect of my life now and all the areas that call for my time, it is with great regret that I have to inform you of my Resignation from the Commission. I feel it is unfair for me to occupy the seat knowingly that my schedule and time would prevent me from full participation. I will continue to service communities and women in particular in the times I can.

Thank you all! It's been an honor and pleasure to be a part of this wonderful group.

With Love,

Milena
