CAUTION: This email was delivered from the Internet. Do not click links or open attachments unless you know the content is safe.

Dear Mayor and City Council members,

I live in Pasadena and work in Altadena. I am concerned about ending homelessness because it breaks my heart to have people in my community without homes. I know that homelessness exacerbates so many other issues. I work at a business in Altadena and we often have homeless customers who have medical and mental health issues. One customer came in this week in a wheelchair with incontinence issues. We do what we can but we wish we could do more.

I urge you to support creating 69 units of permanent supportive housing for homeless seniors at Heritage Square South. The need is huge, the funding is available, and, according to a neighborhood survey, the community overwhelmingly supports it. Please take action as soon as possible to address our City's homelessness crisis.

Thank You,

Maya Sharp

187 West Tremont St

Pasadena, CA 91103

CAUTION: This email was delivered from the Internet Do not click links or open attachments unless you know the content is safe

December 3, 2018

Dear Mayor Tornek and City Council Members,

I am a member of St. Elizabeth parish and a resident of the Pasadena-Altadena area. I am also a college professor and believe strongly in the collective effort to end homelessness in our city. Those of us who are more fortunate have the responsibility to advocate for the rights of the poor, to speak up for those who cannot speak for themselves, for the rights of all who are destitute.

I urge the City Council to consider using the Heritage Square South property for 69 units of permanent supportive housing (PSH) for homeless seniors, which has the overwhelming support of Northwest Pasadena residents, especially people of faith. This property was purchased with HUD and other funds for affordable and very low-income housing and should be used for that purpose.

The City Council has received over 400 letters supporting† SH signed mainly by church members from Northwest Pasadena, and petitions signed by hundreds of neighbors living near the corner of N Fair Oaks and East Orange Grove. Two prayer vigils have taken place at Heritage Square South--one with 30 people attending, and the second with over 60 participants, some of whom slept overnight in solidarity with their homeless brothers and sisters. The Interdenominational Ministerial Alliance has called for homeless housing at Heritage Square South.

In July, 47 people showed up at the Ed Tech Committee, including pastors, calling for homeless housing at Heritage Square South. As a result, the Ed Tech Committee unanimously recommended that this site be used for commercial development and homeless housing. There has been no NIMBYism in Northwest Pasadena. On the contrary,†the residents of NW Pasadena see homeless housing as an asset to our community.

I feel it is crucial that you approve using Heritage Square for homeless housing as soon as possible, not only because the community wants it, and not only because there is a huge need, but also because it will†also set a powerful example to other parts of the city where the residents still don't understand the value or the need for permanent supportive housing.

Studies show that permanent supportive housing is key to reducing and ultimately ending homelessness. I urge you to approve homeless housing at Heritage Square

South so that community engagement and education necessary to have motel conversions into permanent supportive housing can begin in other parts of our city. I support your ordinance on motel conversion to PSH and support having homeless housing dispersed throughout our city. The City reduced its homeless population by 50% in the past and we can do this again. thereby fulfilling God's commandment that we give shelter for the homeless (Isaiah 58:7, NIV).

Sincerely,

Dr. Adelaida Lopez
1250 East Topeka
Pasadena, CA 91104

City of Pasadena
100 N. Garfield Ave. Room 228
Pasadena, CA 91101

Re: Pasadena Affordable Housing

Dear Mayor Tornek,

Following the Biblical commands to love our neighbors as ourselves and to care for the poor and needy are at the center of how the All Saints community lives out our faith. The homeless comprise one of the most needy segments of our city. Indeed, several homeless people have died on our streets this past year. This has become a regular occurrence over the past few years and is something that should not be happening in the richest state in the richest country in the world. Senior homeless are particularly vulnerable and their numbers are increasing rapidly due to rising rents.

Pasadena has an opportunity to provide a safe space for many of our homeless seniors by moving forward with a project for permanent supportive housing for seniors on the city-owned property at the corner of Fair Oaks and Orange Grove. This is a particularly advantageous site as it is close to public transportation and needed retail services such as a market, drug store and restaurants.

Although there was some concern raised previously about over-concentration of affordable housing in Northwest, the people of the district have shown overwhelming support for this project. The success of the affordable senior housing at Heritage Square North is a great example of what the city can accomplish.

I ask that you vote to support permanent supportive housing for seniors on this site so that Pasadena can continue on a path of reducing homelessness in our city.

Sincerely,

We the Undersigned at All Saints Church, Pasadena

This is a particularly advantageous site as it is close to public transportation and needed retail services such as a market, drug store and restaurants.

Although there was some concern raised previously about over-concentration of affordable housing in Northwest, the people of the district have shown overwhelming support for this project. The success of the affordable senior housing at Heritage Square North is a great example of what the city can accomplish.

I ask that you vote to support permanent supportive housing for seniors on this site so that Pasadena can continue on a path of reducing homelessness in our city.

Sincerely, We the Undersigned at All Saints Church, Pasadena

Pasadena Affordable Housing

December 9, 2018

Dear Mayor Tornek,

Following the Biblical commands to love our neighbors as ourselves and to care for the poor and needy are at the center of how the All Saints community lives out our faith. The homeless comprise one of the most needy segments of our city. Indeed, several homeless people have died on our streets this past year. This has become a regular occurrence over the past few years and is something that should not be happening in the richest state in the richest country in the world. Senior homeless are particularly vulnerable and their numbers are increasing rapidly due to rising rents.

Pasadena has an opportunity to provide a safe space for many of our homeless seniors by moving forward with a project for permanent supportive housing for seniors on the city-owned property at the corner of Fair Oaks and Orange Grove. This is a particularly advantageous site as it is close to public transportation and needed retail services such as a market, drug store and restaurants.

Although there was some concern raised previously about over-concentration of affordable housing in Northwest, the people of the district have shown overwhelming support for this project. The success of the affordable senior housing at Heritage Square North is a great example of what the city can accomplish.

I ask that you vote to support permanent supportive housing for seniors on this site so that Pasadena can continue on a path of reducing homelessness in our city.

Sincerely, We the Undersigned at All Saints Church, Pasadena

Caring for the needs our citizens has long been an important responsibility of local government and the measure of a compassionate community. The homeless comprise one of the most needy segments of our city. Indeed, several homeless people have died on our streets this past year. This has become a regular occurrence over the past few years and is something that should not be happening in the richest state in the richest country in the world. Senior homeless are particularly vulnerable and their numbers are increasing rapidly due to rising rents.

Pasadena has an opportunity to provide a safe space for many of our homeless seniors by moving forward with a project for permanent supportive housing for seniors on the city-owned property at the corner of Fair Oaks and Orange Grove. This is a particularly advantageous site as it is close to public transportation and needed retail services such as a market, drug store and restaurants.

Although there was some concern raised previously about over-concentration of affordable housing in Northwest, the people of the district have shown overwhelming support for this project. The success of the affordable senior housing at Heritage Square North is a great example of what the city can accomplish.

As one of your constituents, I ask that you vote to support permanent supportive housing for seniors on this site so that Pasadena can continue on a path of reducing homelessness in our city.

Sincerely,

(Sign & Print Name)

Re: Pasadena Affordable Housing

Dear Council Member,

Caring for the needs our citizens has long been an important responsibility of local government and the measure of a compassionate community. The homeless comprise one of the most needy segments of our city. Indeed, several homeless people have died on our streets this past year. This has become a regular occurrence over the past few years and is something that should not be happening in the richest state in the richest country in the world. Senior homeless are particularly vulnerable and their numbers are increasing rapidly due to rising rents.

Pasadena has an opportunity to provide a safe space for many of our homeless seniors by moving forward with a project for permanent supportive housing for seniors on the city-owned property at the corner of Fair Oaks and Orange Grove. This is a particularly advantageous site as it is close to public transportation and needed retail services such as a market, drug store and restaurants.

Although there was some concern raised previously about over-concentration of affordable housing in Northwest, the people of the district have shown overwhelming support for this project. The success of the affordable senior housing at Heritage Square North is a great example of what the city can accomplish

As one of your constituents, I ask that you vote to support permanent supportive housing for seniors on this site so that Pasadena can continue on a path of reducing homelessness in our city.

Sincerely,

(Sign & Print Name) Jeffrey Butskat Jeffrey butskat

Senior homeless are particularly vulnerable and their numbers are increasing rapidly due to rising rents.

Pasadena has an opportunity to provide a safe space for many of our homeless seniors by moving forward with a project for permanent supportive housing for seniors on the city-owned property at the corner of Fair Oaks and Orange Grove. This is a particularly advantageous site as it is close to public transportation and needed retail services such as a market, drug store and restaurants.

Although there was some concern raised previously about over-concentration of affordable housing in Northwest, the people of the district have shown overwhelming support for this project. The success of the affordable senior housing at Heritage Square North is a great example of what the city can accomplish.

As one of your constituents, I ask that you vote to support permanent supportive housing for seniors on this site so that Pasadena can continue on a path of reducing homelessness in our city.

Sincerely,

Re: Pasadena Affordable Housing

Dear Council Member,

Caring for the needs our citizens has long been an important responsibility of local government and the measure of a compassionate community. The homeless comprise one of the most needy segments of our city. Indeed, several homeless people have died on our streets this past year. This has become a regular occurrence over the past few years and is something that should not be happening in the richest state in the richest country in the world. Senior homeless are particularly vulnerable and their numbers are increasing rapidly due to rising rents.

Senior homeless are particularly vulnerable and their numbers are increasing rapidly due to rising rents.

Pasadena has an opportunity to provide a safe space for many of our homeless seniors by moving forward with a project for permanent supportive housing for seniors on the city-owned property at the corner of Fair Oaks and Orange Grove. This is a particularly advantageous site as it is close to public transportation and needed retail services such as a market, drug store and restaurants.

Although there was some concern raised previously about over-concentration of affordable housing in Northwest, the people of the district have shown overwhelming support for this project. The success of the affordable senior housing at Heritage Square North is a great example of what the city can accomplish.

As one of your constituents, I ask that you vote to support permanent supportive housing for seniors on this site so that Pasadena can continue on a path of reducing homelessness in our city.

Sincerely,

(Sign & Print Name) Susan M. Houser Susan M Houser

Re: Pasadena Affordable Housing

Dear Council Member,

Caring for the needs our citizens has long been an important responsibility of local government and the measure of a compassionate community. The homeless comprise one of the most needy segments of our city. Indeed, several homeless people have died on our streets this past year. This has become a regular occurrence over the past few years and is something that should not be happening in the richest state in the richest country in the world. Senior homeless are particularly vulnerable and their numbers are increasing rapidly due to rising rents.

Dear Council Member,

Caring for the needs our citizens has long been an important responsibility of local government and the measure of a compassionate community. The homeless comprise one of the most needy segments of our city. Indeed, several homeless people have died on our streets this past year. This has become a regular occurrence over the past few years and is something that should not be happening in the richest state in the richest country in the world. Senior homeless are particularly vulnerable and their numbers are increasing rapidly due to rising rents.

Pasadena has an opportunity to provide a safe space for many of our homeless seniors by moving forward with a project for permanent supportive housing for seniors on the city-owned property at the corner of Fair Oaks and Orange Grove. This is a particularly advantageous site as it is close to public transportation and needed retail services such as a market, drug store and restaurants.

Although there was some concern raised previously about over-concentration of affordable housing in Northwest, the people of the district have shown overwhelming support for this project. The success of the affordable senior housing at Heritage Square North is a great example of what the city can accomplish.

As one of your constituents, I ask that you vote to support permanent supportive housing for seniors on this site so that Pasadena can continue on a path of reducing homelessness in our city.

Sincerely,
