Hi Pam, yes, and if you need it in a more formal format, please let me know.

Thank you again

Thomas

Hi Thomas,

Just to be clear – are you officially resigning from the Commission? We will be sad to see go.

Pam Thyret

District 7 Liaison for Councilmember Andy Wilson

Hi Pam and Andy, sorry for the delayed reply. It has been a busy summer. I appreciate you reaching out to Brad to get more information.

Given the current situation and its lack of options coupled with the role of the commission in general, I don't think serving as a commissioner for the SLPPC is the right fit for me.

I wouldn't leave us in a lurch and now that the commission has a healthy group with members who are more aware of the day to day needs of the SLPP, I feel as though my contributions are no longer needed.

Thank you for the opportunity to learn more about our commissions, our city and how it functions. Juli is very excited to serve on the Status of Women and should an opportunity arise to be more connected to the arts, I would love to be considered.

Thank you again!

Thomas
