To the City Council: I support Pasadena's Heritage's appeal and request that the City Council not approve the project at 127-141 N. Madison as proposed. An EIR is needed to fully evaluate the project and study alternatives and proper mitigation.

Thank you,
Nancy van den Hout

To City Council Members (Care of Mr. Jomsky)

I'm writing to express my support of the appeal Pasadena Heritage filed for 127-141 N. Madison Ave. I am in agreement that a new building, if constructed, should be compatible with its historic setting and design guidelines. Including a small number of affordable units does not justify ignoring the General Plan and City Design Guidelines for the district.

Please grant the appeal and help prevent the degradation of Pasadena's architectural assets.

Sincerely,

**Virginia Austin
