Dear Council Member Gordo,

I am writing in support of the Transportation Advisory Commission's Spring 2019 request for additional funding for Pasadena's Bicycle Program. The Commission recommended an increase in funding this fiscal year to \$360,000 and the involvement of bicycle and other active transportation users in the design and implementation of the project, which includes completion of the Roseways network, updating the City Bicycle Map, and prioritizing education efforts.

I care about safer streets because I ride my bike in Pasadena - not as often as I would like to, because I have been the victim of ignorant or aggressive drivers who make Pasadena's streets unsafe for the rest of us. It would be great if we had more protected bike paths in Pasadena, and better maintained pavement to ride on.

Thank you,

Duncan Sinclair
