

November 2019

Dear Mayor and City Council Members,

I want to thank you for the many steps that the Council has taken this year to address the housing and homelessness crisis in our city. You are not only helping our city; you are also inspiring other cities to do likewise. I write this letter to address four items on the agenda for the Council's meeting on November 4, 2019.

First, I commend the Council's decision to support mixed use of Heritage Square South—commercial development and homeless senior housing. I now strongly urge you to consider similar mixed use at the Civic Center. We do not need more deluxe hotels and million-dollar condos in our city center. What we need is more permanent supportive housing and affordable family housing. As Council member McAustin and others have pointed out, schools are closing because low income families cannot afford to live in our city. It makes no sense to build million-dollar condos whose residents would most likely send their kids to private schools. For this reason, I support the proposal by National CORE and Ratkovich calling for commercial development plus "94 units for low income families.... with 46 units for permanent supportive housing for households who are homeless or at-risk of homelessness. . . ." This proposal best meets the needs of our city and will also clearly show that Pasadena is a city that cares about people, not just profits.

Second, as you know, eviction is a significant cause of homelessness and extremely hurtful for low-income families and individuals. For this reason, I support the Pasadena Tenants Union and want to express appreciation that you are taking seriously the urgency of the eviction crisis and are fast-tracking a Tenant Protection ordinance. I urge you to make this ordinance as strong as possible.

Third, I want to commend the City Council for raising the inclusionary set aside to 20%, raising the in-lieu fee, and eliminating trade downs. Adopting this policy will not only increase affordable/homeless housing in our city, it will influence other cities as well, such as Alhambra.,

Finally, I note that the issue of "overconcentration" is being discussed during this session. I believe that affordable and homeless housing should be dispersed throughout our city, in every district and area, including Northwest Pasadena. Given the growing impact of gentrification and the exodus of over 25% of African Americans from Pasadena it makes sense for the city to also support affordable housing in Northwest Pasadena where housing prices and rents have skyrocketed and low-income people are forced to leave. I therefore urge you to remove the so-called "over-concentration" policy that precludes further affordable housing in that part of the city.

Thank you for the time and attention given in reviewing this letter.

I believe that affordable and homeless housing should be dispersed throughout our city, in every district and area, including Northwest Pasadena. Given the growing impact of gentrification and the exodus of over 25% of African Americans from Pasadena it makes sense for the city to also support affordable housing in Northwest Pasadena where housing prices and rents have skyrocketed and low-income people are forced to leave. I therefore urge you to remove the so-called "over-concentration" policy that precludes further affordable housing in that part of the city.

Thank you for the time and attention given in reviewing this letter.

Item 7, 8, 9, 10 & 11

November 2019

Dear Mayor and City Council Members,

I want to thank you for the many steps that the Council has taken this year to address the housing and homelessness crisis in our city. You are not only helping our city; you are also inspiring other cities to do likewise. I write this letter to address four items on the agenda for the Council's meeting on November 4, 2019.

First, I commend the Council's decision to support mixed use of Heritage Square South—commercial development and homeless senior housing. I now strongly urge you to consider similar mixed use at the Civic Center. We do not need more deluxe hotels and million-dollar condos in our city center. What we need is more permanent supportive housing and affordable family housing. As Council member McAustin and others have pointed out, schools are closing because low income families cannot afford to live in our city. It makes no sense to build million-dollar condos whose residents would most likely send their kids to private schools. For this reason, I support the proposal by National CORE and Ratkovich calling for commercial development plus "94 units for low income families... with 46 units for permanent supportive housing for households who are homeless or at-risk of homelessness. . . ." This proposal best meets the needs of our city and will also clearly show that Pasadena is a city that cares about people, not just profits.

Second, as you know, eviction is a significant cause of homelessness and extremely hurtful for low-income families and individuals. For this reason, I support the Pasadena Tenants Union and want to express appreciation that you are taking seriously the urgency of the eviction crisis and are fast-tracking a Tenant Protection ordinance. I urge you to make this ordinance as strong as possible.

Third, I want to commend the City Council for raising the inclusionary set aside to 20%, raising the in-lieu fee, and eliminating trade downs. Adopting this policy will not only increase affordable/homeless housing in our city, it will influence other cities as well, such as Alhambra.

Finally, I note that the issue of "overconcentration" is being discussed during this session. I believe that affordable and homeless housing should be dispersed throughout our city, in every district and area, including Northwest Pasadena. Given the growing impact of gentrification and the exodus of over 25% of African Americans from Pasadena it makes sense for the city to also support affordable housing in Northwest Pasadena where housing prices and rents have skyrocketed and low-income people are forced to leave. I therefore urge you to remove the so-called "over-concentration" policy that precludes further affordable housing in that part of the city.

Thank you for the time and attention given in reviewing this letter.
