---

Hello Councilmember Gordo,

My family and I would like to show support for the recently submitted proposal by the Pasadena Salvation Army to build 65 units of homeless housing at their office located on 960 E. Walnut St.

We live near the Lake Ave Goldline Station and we are familiar with the unhoused population, and as a young couple we are intimately familiar with the high cost of housing in Pasadena. We often hear that "something needs to be done" to address homelessness and the high cost of housing but all too often any proposal attempting to address these critical issues are shouted down. We may not shout but our voices do count.

This proposal is a solution and we support it.

Sincerely,  
Topher & Banaf
