City Pasadena

State CA

Zip Code 91105

Meeting Date April 6, 2020

Agenda Item Number 5.A.

Comments Mr. Mayor/Council Members,

As a resident of the surrounding area (Marengo, Cordova & Arroyo Parkway Streets) residents are extremely concerned for their safety for these reasons:

1. Our immediate area will be exposed to COVID-19 at exponentially higher levels than we already are.
2. This is an Air Bourne Infectious Disease, LA County Health recommendations are currently not being followed, what enforcement protocols are being developed?
3. There is no approved public safety plan to mitigate exposure to healthy residents in the immediate area.
4. Current travelers from the MetroRail and Convention Center employees litter, spit, urinate and defecate around our homes, this is not controlled now, how will it be with this added element?
4. The Convention Center loading dock is located on Marengo; deliveries, ambulances with the infected patients, deceased patients, etc. will be dropped off and picked up possibly further

spreading COVID-19.

5. As local residents we urge the City Council not to approve this COVID-19 Treatment facility until a complete Public Safety Review and Plan is developed. We do not feel safe & believe such a plan cannot be concurrently developed while the hospital facility is under construction.

PUBLIC SAFETY IS PRIMARY AND MUST BE TREATED TOP PRIORITY BEFORE ANYTHING ELSE.

Thank you.
