

Electric Rate Schedule Applicability and Character of Service

Proposed amendments in redline format:

13.04.040 - Residential single-family service.

The rates and conditions of services hereunder shall be as provided by Schedule R-1, as follows:

SCHEDULE R-1

Residential Single-Family Service

A. Applicability. Applies to separately metered single-family dwellings and to individual family accommodations.

B. Character of Service Furnished. Single phase 120/240-volt or 120/208-volt, and 3-phase 120/208 or 240 volt service when used for residential purposes only, 60-cycle alternating current service.

[Note: Remainder of Schedule R-1 is unchanged]

13.04.045 - Residential multi-family service.

The rates and conditions of services hereunder shall be as provided by Schedule R-2, as follows:

SCHEDULE R-2

Residential Multi-Family Service

A. Applicability. Applies to separately metered multi-family dwellings, including properties permitted as "live-work" space when used for residential purposes, and to individual family dwellings in multi-family dwellings. Multi-family dwellings are apartments, condominiums or town houses with at least four meters at the same physical location.

B. Character of Service Furnished. Single phase 120/240-volt or 120/208-volt, and 3-phase 120/208 or 240 volt service when used for residential purposes only, 60-cycle alternating current service.

[Note: Remainder of Schedule R-2 is unchanged]

13.04.050 - Small commercial and industrial service.

The rates and conditions of services hereunder shall be as provided by Schedule S-1, as follows:

SCHEDULE S-1

Small Commercial and Industrial Service

A. Applicability. Applies to single-phase and 3-phase general service, including lighting and incidental small power, through a single meter. Applies to service below 30 kW demand.

B. Character of Service Furnished. Single-phase 120/240 volt, and 120/208 or 240-volt 3-phase 120/208, 240, 480, or 277/480 volt, 60-cycle alternating current service.

[Note: Remainder of Schedule S-1 is unchanged]

Green Power Service Amendments

Proposed amendments in redline format:

13.04.179 - Green power service.

Schedule GP

Green Power Service

A. Applicability. The charges set forth in this schedule apply to those customers who choose green power service. By subscribing to green power service customers will accelerate the procurement and development of assist PWP in adding renewable energy resources capacity by paying a green power premium which PWP will then apply to green power procurement on behalf of such customers. Customers choosing this service shall either select a 100% Green power service option or nominate the amount of green service in blocks of 100 kWh per month. All other rates and charges for ~~customer service, distribution and transmission electric services~~ apply to these customers as specified in their otherwise applicable schedule. "Green power" as used in this section shall mean energy procured from an "Eligible renewable energy resource" as defined in California Public Utility Code Section 399.12(e) to serve customers that have selected Green power service. ~~non-fossil fuel based renewable energy generation sources such as small hydro, wind, solar, geo-thermal and the like.~~

B. Green Power Premium. The Green Power Premium shall be \$0.018 per kWh of metered electricity use for customers choosing 100% Green power service, or, \$2.501.80 per month for each 100 kWh block of green power nomination.

C. Use of Green power. Consistent with PWP's Renewable Portfolio Standard Procurement Plan and Enforcement Program, as may be amended from time to time, PWP shall account for energy procured on behalf of Green power service customers separately from that procured for non-Green power service customers, and shall not utilize the renewable attributes associated with Green power procurement for compliance purposes.

(Ord. 690 § 19, 2002)
