Dear Mayor Terry Tornek and Pasadena City Councilmembers,

The country has been encompassed by protests over the brutality of Black U.S. citizens by police officers sworn to serve and protect all citizens. The City of Pasadena and its police department has been at the forefront of numerous controversies over the inappropriate behavior of officers toward minority citizens. So now is a time for healing and change, and so, I support the proposal for a civilian police oversight committee as presented by the Public Safety Committee under the leadership of Chairperson and Councilmember John J. Kennedy.

Everyone, citizens as well as members of the police department, are safer when accountability is transparent.

This proposal establishes a bridge to unifying our city and builds a platform on which future change and growth can help our city to heal and be an example to the country.

I urge that each member of our esteemed Pasadena City Council rise to the moment and vote in favor of the proposal by the Public Safety Committee for a civilian police oversight committee.

Dear Councilmembers,

As a young Mother I have spent my life in the wonderful city of Pasadena! My husband and I think about our 12 year old son and his safety; so we spend time teaching him how to respond if ever stopped by the Police – WHY, because we want him to not experience police brutality or harm. We need police officers and we are grateful for their services and we depend on them to protect and serve; but the reality is that we need additional layers. The Public Safety Committee is presenting a Civilian Oversight Proposals that is a step in the right direction.

I asked my 12 year old son what would he say to you and these are his remarks: “I want to live a full life free of police brutality and I want to be treated fair like my white counter parts – I want to live in a society that is fair and respect me for who I am – I WANT TO MAKE A DIFFERENCE – I want to live!”

We ask that you vote “YES” on the proposal presented by the Public Safety Committee under the leadership of Chairperson and Councilmember John J. Kennedy.

Now that you have an opportunity to better the treatment of black men, women, and children I urge you to take the next step and modernize yourselves for the better good. I am calling on elected officials of this council meant to help the residents of Pasadena, to vote YES to amend the city charter, which will put it on the ballot November 3rd. Allow for the creation of a civilian oversight commission and the hiring of an independent police auditor with subpoena powers.

Do not shy away and attempt to protect the image of the city, this is a matter that will impact everyone. Make this city liveable once again, so that black people and people of color can truly live.

As a young woman and mother in this community, I am asking you to please support the proposal for a civilian police oversight committee as presented by the Public Safety Committee under the leadership of Chairperson and Councilmember John J. Kennedy. I understand the importance of oversight and I am asking you to think of what Hon. John Lewis fought for his entire life and you could honor him and the life of George Floyd by voting YES!! All the many black men in our community whose lives ended at the hands of the Police - you give honor to them today with a Yes Vote!

There is more to be done and I pray all the Civil Rights groups including the NAACP will work with Councilmembers Kennedy and Hampton to continue the effort and development of this proposal which is the first step in the right direction, and a platform we can continue to build on. Let us all work together!

The committee will monitor actions and hold police officers accountable, which is important to me!

Everyone will be safer with a independent police oversight committee. The public will have confidence in the system. With a watchdog group in place, the police will do their jobs fair and correct.

Dear Mayor Terry Tornek and Members of the Pasadena City Council,

I support the proposal for a civilian police oversight commission and independent auditor as presented by the Public Safety Committee and under the leadership of Chairperson and Councilmember John J. Kennedy and with the support of Mayor Tornek..

I have been a resident of District 1 for over 40 years. Even though my personal interactions with the police have been few and far between, I believe that all Pasadena residents will have greater confidence in our police department if we have an independent oversight commission with the added expertise of the auditor.

This proposal is a step in the right direction and a platform on which we can continue to build. We need to move ahead on this issue now in light of the public protests and the string of unfortunate incidents involving our police. This commission can only make the police better. We cannot lose momentum.

I urge that each Council member to recognize the significance of this moment and vote in favor of the proposal before you.

I am a longtime resident of Pasadena and a retired attorney who conducted hundreds of investigations. I submitted correspondence for today's meeting supporting effective civilian oversight of the Police Department which can be accomplished only with a Charter amendment. For all of the reasons stated therein, the Tornek/Kennedy proposal does not ensure accountability and does not meet the goals of transparency and public trust. Under that proposal, the investigation will be flawed because the IPA has no power to subpoena critical documents and witnesses for testimony under oath. Significantly, if the Council approves Agenda Item 7, Item 6 becomes moot. Our City DESERVES an up-or-down vote FIRST on whether to allow residents to vote on a Charter amendment that will provide effective civilian oversight. Councilmembers need to show whether they support the status quo, ineffective oversight under the Tornek/Kennedy proposal, or effective oversight under Vice Mayor Hampton's proposal requiring a charter amendment. Finally, I urge the Council to revise the resolution for a charter amendment to require citizen participation in the process of choosing commissioners. In order to be truly independent, the commissioners need to reflect the views of our residents as a whole rather than a select few. Thank you.

Good evening Councilmembers, I urge each member of the Pasadena City Council to please vote in favor of the proposal for a civilian police oversight committee as presented by the Public Safety Committee under the leadership of Chairperson and Councilmember John J. Kennedy.

Our nation is at an inflection point following the killing of George Floyd in Minneapolis, and our Pasadena community must acknowledge the need to address police violence and misconduct within our city. Police incidences involving excessive use of force, including Reginald Thomas, Jr in 2016 and Christopher Bellew in 2017, necessitate the expansion of independent police review processes that include civilian oversight.

Our citizens, as well as members of the Pasadena police department, will undoubtedly be safer when everyone knows that there is independent oversight of the police department. The civilian police oversight proposal is a step in the right direction and a platform on which we must continue to build in order to establish a just and safe community for all residents of Pasadena.

Thank you for your consideration!
