Comments	Why isn't our Health Department open on 9/80 days? Our Police and Fire Departments are up and running on 9/80 days and during this crisis the Health Department should be as well. If an additional funding appropriation needs to be made to cover Health Department staffing on 9/80 days then do it. Our Police and Fire Departments are open 24/7 and during this crisis the Health Department should be too.

Agenda Item Number 1A

Comments Why in the world would the health department be closed in the middle of a pandemic? Can we please find a replacement for Dr. Goh, as she is only making things worse for Pasadena?

Comments	I am the Dir. of Environmental Health, Safety and Risk Management at ArtCenter College of Design and I would like to know who I need to contact to discuss overall COVID-19 plans for colleges and higher education institutions. As LA County is requiring us to partner with the Pasadena Public Health Department, I would like to collaborate especially since we do not have our own medical services department. Thank you in advance for your response and contact information.
