Subject Item #18

Message Good Evening, Mayor and Councilmembers:

As an Eastside renter for many years. I implore you to help the rental assistance fund during this pandemic. It is egregious that all of you would allow \$400, 000 to be spent on a police helicopter camera where people are on the brink of homelessness!!!!!!!!!!

You should all be absolutely ashamed of yourselves with allowing the city to spend that kind of money during this time! Stop acting like stupid jackasses and begin working to help the people of Pasadena!!

Do you want us to contact you regarding your comment? Yes - I would like to provide my contact information
