Dear City of Pasadena,

I strongly support #SkipTheStuff Agenda Item #14 foodware accessories on-request. Please vote YES during today's meeting.

Pasadena is a beautiful city that values its environment. Single use plastics create waste that rarely gets recycled and creates issues in the future. I ask that we cut on foodware and single plastic waste use.

Pasadena's Zero Waste Plan is worth saving! Since the Pasadena City Council adopted the Plan in October seven years ago, the adoption of a single-use polystyrene ordinance remains its only significant impact.

In March 2021 the City of Alhambra unanimously adopted an ordinance to make single-use foodware items upon request only. Let's bring "Skip the Stuff" to Pasadena for the benefit of this fair city and beyond!

I strongly support the #SkipTheStuff ordinance to require foodware accessories on-request. Providing takeout "extras" only on-request saves restaurants money and reduces unnecessary single-use disposable waste. #SkipTheStuff is a win-win for our LA communities, businesses, and environment.

Dear Pasadena City Council Members,

I am writing in support of Agenda Item 14. We need to move away from single-use plastics, and opting in to utensils and condiments only when needed is such a simple solution. It's better for the environment and for business. Please vote yes.

Best,

Nancy Shrodes
