

Date: 11/10/2021

Honorable Mayor Gordo and City Council Members,

We appreciate your leadership in our city. One of the biggest obstacles to building affordable housing is a lack of sites. About ten churches in Pasadena desire to have affordable housing on their underutilized and excess land. Yet none of these churches are properly zoned to allow this use. To make it possible for churches in Pasadena that feel led to provide affordable housing on their property we are asking the city to create a citywide religious zoning amendment. We ask that this policy be crafted and placed on the agenda as soon as possible. Please allow this amendment to be "by right"—this would allow homes that folks can afford to be built much faster, and would save hundreds of thousands of dollars. The housing crisis is real and the need is urgent, evident with these statistics:

- 527 in our last homeless count
- 700 students considered homeless in PUSD
- And 19% of all PCC students have experienced homelessness.

Please allow interested Pasadena congregations to serve our city in this way. Please make sure this gets on the agenda and passed as soon as possible. Thanks for your consideration.

December 5, 2021

Dear Honorable Mayor and City Council members,

I am pleased that our city has over 1,000 units of affordable housing in the pipeline, thanks to your efforts and the admirable work of our Housing Department. But as you know, we desperately need more affordable housing in Pasadena—with 527 of our neighbors counted as unhoused in 2020, and over 6,000 affordable units needed in the next eight years, according to state's Regional Housing Needs Assessment (RHNA). This may seem impossible, but I feel that with God, and our wholehearted commitment, nothing is impossible.

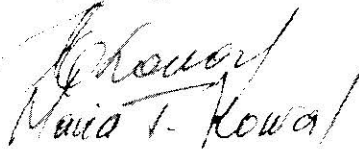

Churches across Pasadena are stepping up to offer their land for affordable housing, but they need the zoning to be changed to allow them to realize their vision of serving the community.

For this reason, I urge you to adopt a citywide zoning amendment that will allow congregations to have affordable housing built "by right" rather than going through a full Council approval process. This amendment will establish appropriate development standards to ensure that any affordable housing is built in size and scale suitable for each unique neighborhood.

This zoning change will speed up the process of building much needed housing by several years and can save hundreds of thousands of dollars per project, thereby making affordable housing dollars stretch further so that more can be built.

Please agendaize and approve this policy as soon as possible since the need is urgent. Thank you for your service to our community!

Respectfully,

Maria T. Kowal

Dear Mayor Gordo and City Council Members,

We appreciate our city's commitment to affordable housing. As you know, one of the biggest obstacles to building affordable housing is a lack of sites. About ten churches in Pasadena desire to have affordable housing on their underutilized land. Yet none of these churches are properly zoned for this use. To make it possible for interested churches in Pasadena to provide affordable housing, we are asking the city to create a citywide religious land zoning amendment. We ask that this policy be crafted and placed on the agenda as soon as possible. We want this amendment to be "by right" since this would allow homes that folks can afford to be built much faster, and would save hundreds of thousands of dollars. The housing crisis is real and the need is urgent, evident with these statistics:

- 527 in our last homeless count
- 700 students considered homeless in PUSD
- 19% of all PCC students have experienced homelessness.

Please allow interested Pasadena congregations to serve our city in this way. We ask that this is put on the agenda and passed as soon as possible. Thanks for your consideration.

Dear Mayor Gordo and City Council Members,

We appreciate our city's commitment to affordable housing. As you know, one of the biggest obstacles to building affordable housing is a lack of sites. About ten churches in Pasadena desire to have affordable housing on their underutilized land. Yet none of these churches are properly zoned for this use. To make it possible for interested churches in Pasadena to provide affordable housing, we are asking the city to create a citywide religious land zoning amendment. We ask that this policy be crafted and placed on the agenda as soon as possible. We want this amendment to be "by right" since this would allow homes that folks can afford to be built much faster, and would save hundreds of thousands of dollars. The housing crisis is real and the need it urgent, evident with these statistics:

- 527 in our last homeless count
- 700 students considered homeless in PUSD
- 19% of all PCC students have experienced homelessness.

Please allow interested Pasadena congregations to serve our city in this way. We ask that this is put on the agenda and passed as soon as possible. Thanks for your consideration.
