

Date: 11/24/21

Dear Mayor Gordo and City Council Members,

We appreciate our city's commitment to affordable housing. As you know, one of the biggest obstacles to building affordable housing is a lack of sites. About ten churches in Pasadena desire to have affordable housing on their underutilized land. Yet none of these churches are properly zoned for this use. To make it possible for interested churches in Pasadena to provide affordable housing, we are asking the city to create a citywide religious land zoning amendment. We ask that this policy be crafted and placed on the agenda as soon as possible. We want this amendment to be "by right" since this would allow homes that folks can afford to be built much faster, and would save hundreds of thousands of dollars. The housing crisis is real and the need is urgent, evident with these statistics:

- 527 in our last homeless count
- 700 students considered homeless in PUSD
- 19% of all PCC students have experienced homelessness.

Please allow interested Pasadena congregations to serve our city in this way. We ask that this is put on the agenda and passed as soon as possible. Thanks for your consideration.

We appreciate our city's commitment to affordable housing. As you know, one of the biggest obstacles to building affordable housing is a lack of sites. About ten churches in Pasadena desire to have affordable housing on their underutilized land. Yet none of these churches are properly zoned for this use. To make it possible for interested churches in Pasadena to provide affordable housing, we are asking the city to create a citywide religious land zoning amendment. We ask that this policy be crafted and placed on the agenda as soon as possible. We want this amendment to be "by right" since this would allow homes that folks can afford to be built much faster, and would save hundreds of thousands of dollars. The housing crisis is real and the need it urgent, evident with these statistics:

- 527 in our last homeless count
- 700 students considered homeless in PUSD
- 19% of all PCC students have experienced homelessness.

Please allow interested Pasadena congregations to serve our city in this way. We ask that this is put on the agenda and passed as soon as possible. Thanks for your consideration.
