As a resident of Northwest Pasadena, and a founder of Making Housing and Community Happen, a faith-rooted nonprofit committed to ending homelessness and housing insecurity, I am very happy to see that the supportive housing for homeless seniors is moving forward at Heritage Square South. I can't thank the City Council enough for your commitment to housing our low-income and homeless residents. I especially want to commend Mayor Gordo for making affordable housing a priority and Council member Kennedy for boldly calling for 1,000 units of affordable housing in 1,000 days. This goal is possible if the city sets this as a goal. We need bold leadership to address the housing crisis that is facing our city and our state.

I am a longtime Pasadena resident and extremely pleased to see that the supportive housing development for homeless seniors is moving forward at Heritage Square South. I commend the City Council for its commitment to housing our low-income and homeless residents. I especially want to thank Council member Kennedy for boldly calling for 1,000 units of affordable housing in 1,000 days. This goal can be accomplished if our City prioritizes the critical and urgent need for affordable housing in our City. Thank you!

#16 As a person who advocated for the development of Heritage Square South, I am pleased that the City is moving ahead on this project development. The housing needs of our senior adult community and those who need support in order to successfully live in a residential unit. This development will provide Permanent Supportive Housing and Senior Housing. The number of citizens in both of these segments of the population continue to grow. Providing adequate housing is the responsible and compassionate response for a community. Rev. Connie Millsap Tamkin

As we start this new year, it is my hope and prayer that our imaginations will be engaged and fully preset to our most vulnerable residents. As we lay comfortably in our warm beds, let's imagine what it would be like for us to lack such comforts, no bed, no convenient place to use a bathroom, no place to enjoy breakfast and read the paper delivered to our door. As we express thankfulness for all these comforts and conveniences we enjoy and too often take for granted, let us also exercise the Golden Rule—to want for others what we also want for ourselves. Please allocate all the funds needed to assure that Pasadena continues its reputation of consistently lowering our homeless count as we have since 2011 by 54%. Please increase the funds for both vouchers and the support needed to assure a highly successful voucher program.
