### **Comments:**

Two questions: if Councilmember Kennedy is so concerned about the Mayor and members of the Council, including himself, getting priority for vaccinations, why doesn't he volunteer to help out, like so many of the City staff have done so he can get vaccinated as soon as possible?

Also, there have been large gatherings on private property in my neighborhood of unmasked people who are not related. What agency is enforcing the ban against large gatherings? Who should residents call to investigate?
