Dear Mayor and Members of the City Council,

I am writing to urge you to approve the sale of two parcels of land to Habitat for Humanity. As I am sure you are aware, Habitat offers property ownership opportunities to families who would not be able to purchase a home in Pasadena in the current economy. Moreover, families participate in the construction of their homes, adding another dimension to the pride of ownership. I have had the opportunity to see the homes built by Habitat for Humanity, and they are beautiful.

I believe this is a win-win for Pasadena and the fortunate families who will benefit from this opportunity.

Thank you for your consideration.

I would like to register my utmost support regarding item #8 on the Pasadena City council's agenda for this Monday. The selling of two parcels of land to Habitat for Humanity for the building of two home-ownership affordable homes is what Pasadena should be all about.

Bless you!

To the Pasadena City Council,

As you know, we are in desperate need of more, and decent, affordable housing. I have worked on several Habitat homes in the San Gabriel Valley, in the past 4 years, and I think they do a fantastic job on everything they do. Look at what they have done at the Desiderio site. Talk to the families, they would say, give Habitat for Humanity the 2 parcels. You will not regret it.
