Dear City Council,

The mental health and homeless crisis are too big for the police to handle. They are not trained or have the experience to deal with this. Precious city dollars are being invested in areas with dubious outcomes or expectations.

If we were going to get smart about mental health, we would not be investing in the police department, we would be tapping Fuller College and the Health Department.

I will see you in 2024.

Yours Truly,

John

John Doyle
