The anti-terrorism vehicle barriers are not a productive use of City funds when there are more pressing needs within the city, such as a growing number of unhoused, 8% unemployment and evictions on the way. Please thoroughly explain why the city needs eight of these contraptions? If these barriers are being used by the Rose Parade, then why not 800? What are they being used for and who is using them?

This does not sound right. It really needs to be vetted. City funds are being wasted.

John Doyle
