

Ordinance Fact Sheet

TO: CITY COUNCIL DATE: April 11, 2022

FROM: CITY ATTORNEY

SUBJECT: ORDINANCE BANNING GAS-POWERED LEAF-BLOWERS

TITLE OF PROPOSED ORDINANCE

AN ORDINANCE OF THE CITY OF PASADENA AMENDING CHAPTER 9.37 (LEAF-BLOWING MACHINES) OF TITLE 9 (PUBLIC PEACE, MORALS AND WELFARE) OF THE PASADENA MUNICIPAL CODE RELATED TO THE PROHIBITION OF GAS-POWERED LEAF-BLOWING MACHINES

PURPOSE OF ORDINANCE

This ordinance bans gas-powered leaf-blowers in the City of Pasadena, in two stages: (1) starting February 28, 2023 for equipment operated by the City; and (2) starting April 28, 2023 for equipment operated by any other person.

REASON WHY LEGISLATION IS NEEDED

This legislation is needed to protect the public health and welfare from the air and noise pollution associated with two-stroke engines commonly used in gas-powered leaf-blowers, as they result in air emission generally more impactful than typical automobiles, and can be so loud as to be unduly bothersome and potentially cause hearing damage.

PROGRAMS, DEPARTMENTS OR GROUPS AFFECTED

The Planning & Community Development Department will implement the proposed ordinance, with assistance from the Public Health Department. Those departments within the City that use gas-powered leaf-blowers will also be affected, as they are required to phase out and replace such equipment.

MEETING OF ~~04/11/2022~~ ^{04/25/2022}

AGENDA ITEM NO. ~~11~~ ¹⁹

ENVIRONMENTAL DETERMINATION

On February 28, 2022, the City Council found that this ordinance was exempt from the California Environmental Quality Act (CEQA) in accordance with Section 15061(b)(3), the general rule that CEQA only applies to projects that may have an effect on the environment.

FISCAL IMPACT

There will be direct costs to the City in the form of replacing all of the gas-powered leaf-blowing machines with electric (corded and/or battery-powered) as well as the cost of the informational outreach program, which would involve staff resources and printing and publishing costs.
