To the City of Pasadena,

I want to share my strong support for Central Park Apartments. The project will bring housing and retail to our community right near the Del Mar Metro station. This is an excellent location for housing because it will allow for convenient access to Metro which will help get cars off the road! I love that the project also includes ground-floor retail, which will serve the project's residents, Metro riders and those visiting Old Pasadena.

This is exactly the type of development we need in Pasadena.

Please join me in supporting this fantastic project.

Thank you,

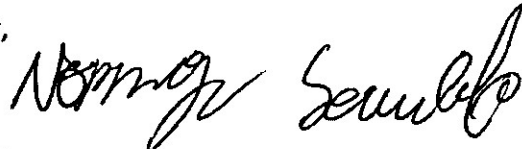

Ana Espinoza

Pasadena CA. 91104

As a Pasadena resident, I am writing in support of the Central Park Apartments, located across the street from Central Park. The project renderings look beautiful, and the design complements the buildings on the block. I would be very happy to see that corner activated with new housing, retail and other uses that members of our community can enjoy.

Additionally, the SCEA released by the City on the project identified no unmitigated environmental impacts, which further shows why it should be approved. I appreciate the process that the City has gone through with this project—preparing the detailed SCEA and other reports—and hope it continues to move forward and get approved.

Sincerely,

Norman Sewall
Pasadena CA 91107

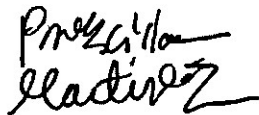

Hi City Councilmembers,

I am writing to express my strong support for Central Park Apartments. This project has many benefits to Pasadena, most notably its transformation of a surface parking lot into a beautiful, vibrant mixed-use building. The project team has gone to great lengths to create a project that addresses the shortcomings of the property. I am particularly pleased that this will not be a cookie-cutter glass and stucco rectangle with a great big garage openings on the street. There will be a pedestrian path between Dayton and Fair Oaks, which will make the site much more walkable. There are also more than 6,000 square feet of retail uses along Fair Oaks which complements the surrounding retail and brings new options to Pasadena residents.

It is a very smart project that meets many of Pasadena's planning goals, including placing housing near transit.

Please support this project!

Best,

Prescilla Martinez

Pasadena 91104

Dear Pasadena City Council,

I am thrilled by the project proposal for the Central Park Apartments in our community. I am proud of the unique character of Pasadena, and I couldn't be more pleased that the architects took it into account with the design. I was pleasantly surprised by the variation in the form, the efforts to hide the driveway from view, as well as the beautiful landscaped courtyard that included stone and the traditional Pasadena green.

This project adds to the beauty of Pasadena by replacing a parking lot with this well-thought-out design, and I hope to see it come to life.

Thanks,

A handwritten signature in black ink that reads "Joe Moore". The signature is written in a cursive, slightly slanted style.

Joe Moore

Pasadena CA 91104

Hi Pasadena City Council.

When considering new development in Pasadena, we should make sure it is designed to be walkable for pedestrians, friendly to bicyclists and connected to public transit. Central Park Apartments, which will be built on a surface parking lot at Dayton and Fair Oaks, checks all the boxes. It is a short walk from the Del Mar and Memorial Metro stations, which will allow residents to skip driving altogether if they choose. It's also making the property far more walkable than what exists today and includes special amenities for bicyclists.

I'm also excited to see some of the sustainability measures incorporated into the project – I understand it will be LEED certified and all the landscaping is designed to support in-ground trees and be sustainable. Additionally, the SCEA found no unmitigated environmental impacts, which I believe is important.

This project will be a really great new addition to our City! Please support.

Thanks.

Ricky Bell

Pasadena CA 91104

To the Pasadena City Councilmembers:

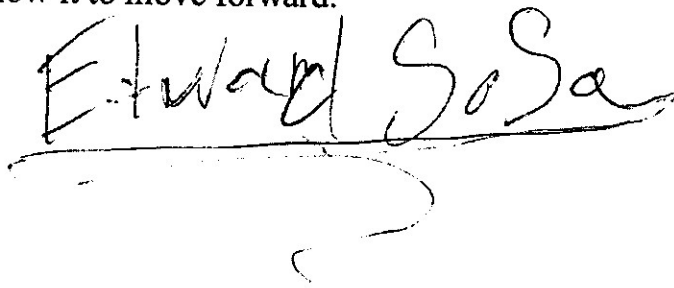

I want to share my enthusiasm for Central Park Apartments, a project under consideration for the corner of Fair Oaks and Dayton. This is a very central part of our City, in walking distance to the retail core and across from Central Park. I have always thought that this corner could use something better than a parking lot, and with Central Park Apartments, that hope could become a reality!

I absolutely love this design and how the project team went back to plans originally drawn for the site over a century ago. The design really fits within the block but at the same time brings modern uses to the site, like housing and retail. The community will actually get use out of it!

The site today is a bit of an eyesore, and I just can't wait to see this design come alive.

Please allow it to move forward.

Thanks,

A handwritten signature in black ink that reads "Edward Sosa". The signature is written in a cursive style and is underlined with a single horizontal line.

Edward Sosa

Pasadena 91106

City Councilmembers,

I am writing to support the Central Park Apartments project. The Castle Green and Green Hotel Apartments are historic buildings in Pasadena that mean a lot to the community. Given this, it is important that any development happening on the adjacent parking lot fits in with these buildings.

I am very pleased by how the Central Park Apartments design team made sure that both the size and design of the proposed project integrate well with the surrounding buildings. The renderings show that the apartments fit with the surrounding buildings, while still looking contemporary and beautiful. Additionally, the lower height of the Dayton wing complements Central Park, while maintaining views of the surrounding buildings.

The team has been responsive to the community throughout the whole process, and I can tell that they care about Pasadena and want to see a project that fits in with the area come to life.

Please join me in supporting this project!

Donald Kibble

Donald Kibble

Pasadena City Council,

I could not be more thrilled to support the Central Park Apartments. The renderings look beautiful and the whole area was purposefully studied so that the design of the building fits into the historic block. It is important that the design team was sensitive to the historic nature of Pasadena as a City, without losing the potential of a site that's nearly an acre in the center of town and today is just a surface car park. The renderings show that nothing is "back of house," as the entire building is beautiful. I especially like the added greenery along Dayton and the way it connects with Central Park.

I also know that the project team was responsive to community feedback in this design, which is very important to me. I can tell that they care about our community and will bring to life this well-planned project and improve the area for all. I eagerly endorse the Central Park Apartments and hope you will too!

Thanks, *Chris Blane*

Cristopher Blane

Pasadena CA 91106

To Members of the Pasadena City Council,

I'm writing to ask you to support Central Park Apartments. This is a very exciting project for Pasadena. It will bring new housing to the City – and that includes affordable housing – as well as new retail shops and neighborhood improvements such as beautiful plantings and landscaping and a more walkable, pedestrian friendly space. The project will create many new construction jobs, which is very much needed after the year we've had. Our local businesses have really suffered as well, and this is a great opportunity to make them thrive once again.

Please support this project!

Thanks,

Abel Rosales

Abel Rosales

Pasadena, CA 91106

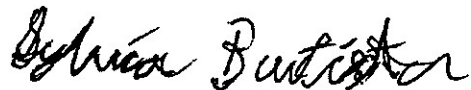

To whom it may concern at the City of Pasadena,

As a resident who often bikes and walks in the community, I see the Central Park Apartments as a great benefit that can be brought to Pasadena. The project is within walking distance to two Metro stations, encourages bicycle use with bike parking and amenities, and is within walking distance to tons of neighborhood-serving retail and restaurants on Colorado. The location makes owning a car unnecessary, which will contribute to a cleaner and safer community.

This is the exact kind of development we should be prioritizing in our community—especially because it will be built on underutilized space. The Central Park Apartments are a no brainer.

Please support this project!

Sincerely,

A handwritten signature in cursive script that reads "Sylvia Rautista".

Sylvia Rautista

Pasadena, CA 91106

Hi City Councilmembers,

I support Central Park Apartments because it is an incredible project that will really help Pasadena. The project is located at an important corner of our City, near Metro, Central Park, and the heart of Old Pasadena. It is a location deserving of something beautiful that is of value to residents. That is exactly what the project is – a chance to open this property to the community with new housing and ground-floor retail.

The City needs continued investment in order to thrive. We should welcome a project like this with open arms because it benefits our residents by creating a new amenity, allows businesses the opportunity to acquire new customers, and brings revenue to the City.

Please vote yes on making Central Park Apartments a reality!

Thanks.

A handwritten signature in black ink that reads "Henry Yu". The signature is written in a cursive, flowing style.

Henry Yu

Pasadena, CA 91106

City Councilmembers,

Old Pasadena has always been an important part of our community. As a resident, I have seen the impact that the pandemic has had on the restaurants, retail, workout studios, etc. The Central Park Apartments will bring much needed investment to our community, helping lift those who have been hurt by the impacts of COVID—especially our local businesses. I support this project and the jobs and revenue it will bring to our City. Additionally, I think the building is very beautiful and will make the corner of Dayton and Fair Oaks much more exciting.

There is strong need for this project after the year we have had. Please support it and help Pasadena get going again.

Thanks, *Vern Cobb*

Vern Cobb

Pasadena, CA 91106

Dear City Councilmembers,

I have been following the project planned for the corner of Fair Oaks and Dayton since it was first proposed. I am thrilled to see how this project has evolved into Central Park Apartments. I think this is an ideal use for this space and the design has come a long way.

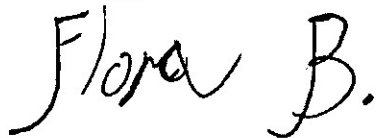

This corner of Pasadena is very visible and sits at the center of a lot of activity in our City, including two Metro stations, Central Park, Old Pasadena Businesses, and other nearby housing. Right now, the surface parking lot is ugly, and the site is basically dormant. Why not transform it with this beautiful project?

The developer and the architects clearly put a lot of thought into the project's design, and the SCEA found no unmitigated environmental impacts. Overall, the whole City process has been very thorough—which I appreciate.

I am also really impressed with how they have reached out to the community to get our input and actually incorporated it into the project.

Support this project – it will be a Pasadena gem!

Sincerely,

A handwritten signature in black ink that reads "Flora B." in a cursive, flowing script.

Flora Bates

Pasadena CA 91104

To the City of Pasadena:

I support more affordable housing in Pasadena, which is why I believe the Central Park Apartments project will be very good for our City. A range of affordability allows for a more diverse community. Pasadena is a special place, but we need more housing, especially housing at a range of price points, to serve everyone in our community. I am thrilled that this project brings new housing to the community to the benefit of all residents. I can't think of a better place to build housing than on a surface parking lot, which is the case with the Central Park Apartments.

I also love that this project will bring more walkability to the area. It will have retail and restaurants that will serve not only its residents but also the larger community. I often go to Old Pasadena for the great shops and restaurants and am excited that the project will add to that experience and help me take better advantage of Central Park. I hope you will support the Central Park Apartments to make our community and the City of Pasadena stronger.

Thank you,

Alison Todd

Pasadena, CA 91105

City Council,

I am writing today to support the Central Park Apartments project. This is a fantastic project for many reasons but especially because of its proximity to Metro. It is smart urban planning to put housing units near transit since it will encourage residents to use it. This project is within half a mile of two of our City's Metro stations and with the added convenience of nearby retail in Old Pasadena, it is an ideal place to put housing. I'm also excited that it includes affordable housing which is so important to our community.

This is a perfect opportunity to build transit-oriented housing in our community.

Please support it!

Best,

Jermaine
LLOYD
Jermaine Lloyd

Pasadena, CA 91106

To the City of Pasadena:

COVID-19 turned the world upside down and caused a lot of hardship for Pasadena residents and businesses. Brighter days are ahead, and nothing demonstrates that better than the proposed project called Central Park Apartments.

This project is a true investment in Pasadena. It is a beautiful new building that not only brings residential units and neighborhood-serving retail to the community, but it also beautifies a very prominent corner of our City with gorgeous landscaping and pedestrian improvements. This is exactly what should be placed next to Central Park and all the buildings in that area.

This project has many economic benefits as well and I believe the surrounding Pasadena businesses will do well to have new local customers. Plus, the SCEA found no unmitigated environmental impacts.

I urge you to support this project.

Sincerely,

A handwritten signature in black ink that reads "DEVONTE SKINNER". The letters are slanted and connected in a cursive style.

Devonte Skinner

Pasadena, CA 91106

To Members of the Pasadena City Council:

I have seen first-hand the impact that COVID has had on our community in Pasadena. It has caused friends to lose their jobs and numerous local businesses to close their doors—sometimes for good. I see the Central Park Apartments project as a much-needed stimulus into our local economy. The project will create new construction jobs, bring revenue to the City, and bring more people to Old Pasadena, supporting all the businesses hard-hit by the COVID pandemic.

The long-term good that this project will bring cannot be understated. We need immediate investment into our community, which this project will provide. In the long-term, it will bring housing, restaurants, and retail that will enliven the area and support surrounding businesses. I strongly support this project and hope that you will see the many benefits and join me.

Thank you,

A handwritten signature in black ink, appearing to read "Kristine Santos", with a long horizontal flourish extending to the right.

Kristine Santos

Pasadena, CA 91106

Dear Pasadena City Council,

The Central Park Apartments project is a very exciting investment in our community. We all know that the pandemic has brought hardship to many in our City. The project will create many new construction jobs in our community and generate a lot of revenue for the City. Further, it will bring people to the heart of Pasadena's business district, which is sorely needed after so many closures due to COVID.

This is exactly the type of investment we need after everything we have been through as a City. Please support Central Park Apartments!

Thank you.

Greg Cohen

Gregory Cohen

Pasadena, CA 91106

City Councilmembers,

More than ever, the Pasadena community needs investment in our City, our local businesses, and our residents. I am proud to support Central Park Apartments, a project planned for the corner of Fair Oaks and Dayton, because it is a wonderful investment in our community.

The project will bring housing and retail to an under-used corner across from Central Park. As a result of this project, our local Pasadena businesses, so many of which are just a short walk from the property, will have new customers.

Pasadena residents will have new options for a beautiful place to call home. And the City will see tax revenue from the project.

In my eyes, this is a win for us all. I cannot wait to see this project come to life. Please vote YES on Central Park Apartments!

Thank you, *Rich Vega*

Rich Vega

Pasadena, CA 91106

City of Pasadena,

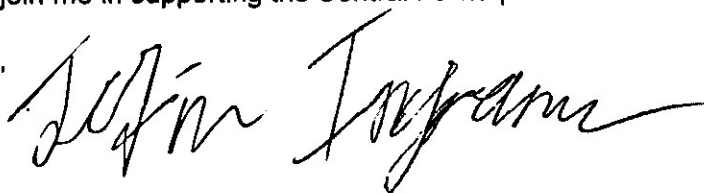

I strongly support the proposed Central Park Apartments project and am excited by the fact that it would encourage new residents to use bicycles and public transportation. The project will be located within walking distance to Metro's Del Mar and Memorial Park stations. Additionally, with its central location and proximity to Colorado Blvd, the project will also encourage walking and biking.

The walkability of Old Pasadena is what makes it such a special area that bring character to our community. The Central Park Apartments will extend this experience South, while connecting to Central Park.

I see this project as a great opportunity to bring more people to our downtown core in a way that does not clog the streets with more cars.

Please join me in supporting the Central Park Apartments.

Thanks,

A handwritten signature in black ink, appearing to read "Justin Ingram". The signature is fluid and cursive, with a long horizontal stroke at the end.

Justin Ingram

Pasadena, CA 91106

Dear Pasadena City Council members,

Los Angeles is facing a severe housing crisis. As a resident of Pasadena, I have seen the serious need for more housing firsthand. Not only will the Central Park Apartments project bring more housing to our community, but it will bring a range of different options at different price points- including affordable housing. Affordable housing is a huge priority for our community, and we should not miss an opportunity to build more—especially not because of minor issues such as people not wanting their views to change. This project is bigger than a few individuals' concerns. It is about housing our community.

The location of the housing also makes sense and aligns with other City priorities such as lowering greenhouse gas emissions. The apartments are close to so many great things that Pasadena has to offer such as Old Pasadena and Central Park. It will encourage walking, biking, and public transit and discourage the use of vehicles. Our City should prioritize projects like this one, for all the benefits it brings. Please support the Central Park Apartments.

Thank you.

To Whom It May Concern,

I am writing to support the Central Park Apartments project in Pasadena. As a resident of the community, I can't wait to see new housing go up in such a great location. The project will replace a parking lot with 84 housing units and over 6,000 square feet of retail as well as open space that will serve the whole community. The live-work lofts along Dayton are a unique way to blend the housing and the retail feel, and I am excited to see what kind of creative ways they are used.

I am aware that some residents are concerned about their views, however I believe this project is bigger than that—and important for our entire community. It would be a shame to see this project fail due to a few people's views changing.

The project creates a wonderful southern entrance to Old Pasadena and fits in with the mixed-use nature of the area. Plus, I believe it will bring neighbors and families to our beautiful Central Park given that it is right across the street.

Please join me in supporting the Central Park Apartments.

Thank you!
