Dear Council members,

Please do not select Lucious Smith to sit for District 3 on the City Council. His exclusionary views and bible thumping do not belong in our government. Not only does he not represent the diversity of our district, he insults it.

I don't envy your position in having to choose between Mr. Lamar and Mr. Jones, both apparently worthy candidates who care about the real issues and can better represent District 3, honoring Mr. Kennedy's legacy.

Thank you.

Sincerely,
Petrea Burchard Sandel
District 3

Subject Questions or John Kennedy Replacement

Message I tried to email this to correspondence@cityofpasadena.net and it was blocked, please forward to the City Council to ask candidates for John Kennedy's replacement.

Per your request from District 3 email notice, here are some questions for the proposed replacements of John Kennedy representing District 3.

1.District Three elected John Kennedy who was very clear on his stance on rent control. He believed that rent control was best delivered subsidized and not mandated for Mom and Pop landlords. What are your views on rent control in the city of Pasadena? How are they the same or different from John Kennedy's views?

2.John Kennedy got along with all members of the community in District 3 including all races., ethnicities, income levels. He gave out his cell phone number when he met new neighbors. How do you plan to bridge the gap to the new members of the community who are moving in now?

3.John Kennedy held frequent in-person and Zoom meetings in District 3 to discuss issues with the police, city staff and the city manager. When there was a shooting in Robinson Park he responded with meeting with the community. What are your plans to keep in contact with the issues and community in District 3?

4.Susanna Porras has been John Kennedy's field rep for many years and knows the ins and out of the city in Spanish and English. She is extremely popular in the community. Do you plan to keep her on as your field rep? If not why?

5.Last but not least—somehow John managed give away Turkeys for those in need for Thanksgiving and hams for Christmas? Will you continue with the tradition?

You don't need to mention my name when asking the question---it's more important to me that District 3 issues and responses are kept in the same traditions

that John started. He will be surely missed.

Please acknowledge receipt.

Thank you,
Lynn Walford

To whom it may concern,

It has come to my attention that one of the applicants, Justin Jones who is applying for the City Council District 3 vacant seat, recently moved to this district a little over a month ago. The voter registration from the 2022 Primary election is not showing him as a resident with the address he provided on his District 3 application. His address was shown in District 4 on El Nido St. where it was confirmed he was living, even after the passing of the late John J. Kennedy. It is suggested that he still resides at this location while utilizing a family member's address on Prescott Ave. (District 3).

I am bringing this to your attention because not only do I want this process to be fair, but after being a resident in District 3 for over thirty years, and raising a family here, I don't want anyone representing me who just moved to the district just to run for office. I don't believe there is honor or trustworthiness in that. If Mr. Jones were interested in District 3 before, he should've been more invested in our community and became a resident before all of this. All applicants should be required to show a utility bill as proof of residence.

It is also my understanding that Mr. Jones represented District 3 on the Human Relations Commission. In January 2020 he resigned from the commission and just two years later (May 2022), he was appointed to represent District 1 on the Environmental Commission. How is that even possible when he hasn't been a resident of either district? Being active in my community, I've never seen Mr. Jones present in the community or concerned about our issues.

We really have to do a better job in this process since it's really not the district's decision who represents us. The Mayor and City Council has an obligation to make sure the people who apply are representative of the district and not just here for personal gain.

I hope that this information is brought to the public so that the entire district is aware, so all of us can make sober decisions on who we want to represent us in our district.

Sincerely,
Esther V.
District 3 Resident (Los Robles)

(Information on Photos)

The first picture shows voter information (As of July 2022) for the address Justin Jones provided on his application. Neither Justin nor his wife is shown as a resident. Mr. Adkins is Justin's uncle.

The second picture is where Mr. Jones has been registered since 2015. Which is the same address he was registered at in July of 2022.

These are both proofs that Mr. Jones has not been a resident in our District and he has only "moved" here to run for office.
