17.61.030 – Design Review

- A. **Purpose.** Design Review is intended to implement urban design goals and policies and the Citywide design principles in the General Plan and to apply the City's adopted design guidelines to Design Review. More specifically, the purposes of Design Review are to:
1. Apply Citywide urban design principles to ensure that new construction supports the best of the City's architectural traditions;
 2. Encourage new structures that show creativity and imagination, add distinction, interest, and variety to the community, and are environmentally sustainable;
 3. Promote architectural and design excellence in new construction and discourage poor-quality development;
 4. Ensure that future development should:
 - a. Reflect the values of the community;
 - b. Enhance the surrounding environment;
 - c. Visually harmonize with its surroundings and not unnecessarily block scenic views; and
 - d. Avoid nostalgic misrepresentations that may confuse the relationships among structures over time.
 5. Ensure that new landscaping provides a visually pleasing setting for structures on the site;
 6. Promote the protection and retention of landmark, native, and specimen trees and if feasible mature canopy trees and other significant landscaping of aesthetic and environmental value;
 7. Ensure that the design, quality, and location of signs are consistent with the character and scale of the structures to which they are attached and are visually harmonious with surrounding development; and
 8. Promote the conservation, enhancement, preservation, and protection of historic resources.
- B. **Applicability.** All projects are subject to Design Review in compliance with this Section, excluding exempted projects identified in Subparagraph 5., below.
1. **Review authority.** The review authority for Design Review is specified in Tables 6-2 and 6-3, below.
 2. **Design Commission may delegate to the Director.** The Design Commission may delegate other review and approval functions to the Director.
 3. **Role of design guidelines.**
 - a. **Provide guidance.** The approved design guidelines shall provide appropriate guidance to applicants and the applicable review authority (e.g., Design Commission or Director) on how projects subject to Design Review shall be evaluated.
 - b. **Consistency with design guidelines required.** Design Review approval requires a finding of consistency with the applicable design guidelines. (See Subsection K. [Findings], below.)
 - c. **Adopting new or modified guidelines.** The Design Commission shall review and comment on proposed new design guidelines, or modifications to existing

guidelines, and shall forward a written recommendation to the Council for its consideration when adopting the new or modified guidelines.

5. **4. Exemptions and limitations.** The following projects are exempt or otherwise limited from Design Review in all districts:
- a. **Projects not visible from public view.** Projects that in their entirety are not visible from the public right-of-way.
 - b. **Projects with only partial public view.**
 1. Design Review shall concentrate on those exterior portions of the structure and related features that are in full or partial view from the public right-of-way.
 2. Design Review may also consider interior courtyards and building elevations out of public view in order to improve the visual relationship between new construction and its surroundings, to create more open views and improved access to light and air, and to ensure that predominant architectural and landscaping treatments are appropriately incorporated into the secondary elevations and open space of the structure.
 - c. **Interior features and interior alterations.** Interior features and interior alterations are exempt from Design Review unless they materially affect a structure's appearance from the public right-of-way.
 - d. **Signs.** Signs having no words or symbols exceeding three inches in height and temporary signs and banners are exempt from Design Review.
 - e. **Sites Identified in previous Housing Elements.** Sites designated in previous Housing Elements and included in the current Housing Element Sites Inventory that provide at least 20 percent of housing units for lower-income households and which do not require a subdivision are exempt from design review. Objective design-related development standards may be applied through ministerial review.

17.61.080 – Variances

- C. **Purpose.** The provisions of this Section allow for Variances (Section D.) from the development standards of this Zoning Code, and Variances for Historic Resources (Section H.), ~~and modifications for individuals with disabilities (Section I.).~~
1. Special privileges prohibited.
 - a. A Variance may only be granted when, because of special circumstances applicable to the subject property, including dimension, location, shape, size, or surroundings; geographic, topographic, or other physical conditions on the site or in the immediate vicinity; or from street locations or traffic conditions in the immediate vicinity, the strict application of this Zoning Ordinance denies the property owner privileges enjoyed by other property owners in the vicinity and under identical zoning districts, or creates an unnecessary, and non self-created hardship or unreasonable regulation which makes it obviously impractical to require compliance with the applicable development standards.
 - b. A Variance shall not be granted that would have the effect of granting a special privilege(s) not shared by other property owners in the vicinity and under identical zoning districts.
 2. Does not extend to uses and notes.
 - a. The power to grant Variances does not extend to allowable land uses and the notes on the land-use tables. In no case shall a Variance be granted to allow a use of land or structure not otherwise allowed in the zoning district in which the subject property is located. A Variance shall not be granted to the notes on the land-use tables contained in Articles 2 and 3.
 - b. Flexibility in allowable land uses is provided in Section 17.61.050 (Conditional Use Permits).
 3. Does not extend to procedures. A Variance shall not be granted to allow an adjustment to the procedural requirements of this Zoning Code.
- D. **Review authority.** Variances may be granted in compliance with the following:
1. The Hearing Officer may grant variances and Minor Variances in compliance with Subsection D., below; or
 2. Defer action and refer the application directly to the Board of Zoning Appeals (BZA).
- E. **Minor Variances.**
1. Purpose. Minor Variances are a form of Variance intended for adjustments that are determined to have lesser (minor) potential impacts and therefore require a modified review process.
 2. Applicability. The following applications for adjustments from the applicable development standards may be processed as a Minor Variance:
 - a. Up to two permit applications, for a Minor Variance, Minor Conditional Use Permit, or Sign Exception, may be combined and processed under the Minor Variance/Minor Conditional Use Permit procedure.
 - b. Alteration or expansion of a nonconforming structure that increases the difference between existing conditions and the current development standards and is an allowable Minor Variance under Table 6-4 (Allowable Minor Variances).

- c. Unless otherwise identified in Table 6-4, below, adjustments not exceeding 25 percent of the development standard may be processed as a Minor Variance.
 - d. Applications for adjustments exceeding 25 percent of the development standard shall be processed as Variances, in compliance with Subsection D. below.
- 3. Procedures.
 - a. Noticing of the public hearing shall be given in compliance with Chapter 17.76.
 - b. The Zoning Administrator shall set a date and time on which the application will be considered.
 - c. Notice shall be mailed and posted at least 14 days before the date set by the Zoning Administrator.
 - d. The notice shall indicate that any interested person may request, in person or in writing, no later than one working day before the date set by the Zoning Administrator, that a hearing be held on that date.
 - e. If no hearing is requested, the Hearing Officer's decision may be made without a public hearing.
 - f. The Hearing Officer may also hold a hearing at the Hearing Officer's discretion.
 - g. If a hearing is held, the Hearing Officer shall conduct the hearing in compliance with Chapter 17.76 (Public Hearings).
- F. Variances. The Hearing Officer may grant an adjustment from the requirements of this Zoning Code governing only the following:
 - 1. Development standards. Any development standard identified in Subsection C. (Minor Variances), above, where the requested adjustment exceeds the maximum limits for a Minor Variance;
 - 2. Dimensional standards. Dimensional standards including distance-separation requirements, landscape and paving requirements, lighting, loading spaces, lot area, lot dimensions, parking areas, open space, structure heights, etc;
 - 3. Numerical standards. Number of off-street parking spaces, loading spaces, landscaping, etc;
 - 4. Additional land-use regulations. The additional land-use regulations which apply to each use classification; and
 - 5. Other. Other standards including operational/performance standards relating to dust, glare, hours of operation, landscaping, light, noise, number of employees, etc.
- G. Application requirements. An application for a Variance shall be filed in compliance with Chapter 17.60 (Application Filing and Processing). The application shall be accompanied by the information identified in the Department handout for Variance applications.
