Sandy Greenstein, representing Pasadena Senior Center, thanked the City Council for their dedication to the City; and requested that the City begin to focus on the Pasadena Senior Center, the need to support and maintain building issues, as well as address parking issues resulting from the loss of the Holly Street Garage lease, which will be devastating to seniors if they have to pay for parking.

CONSENT ITEMS DISCUSSED SEPARATELY

CONTRACT AWARD TO GOLDEN SUN ENTERPRISE, INC., FOR JEFFERSON SCHOOL PICKLEBALL COURTS PROJECT FOR AN AMOUNT NOT-TO-EXCEED \$169,944 (Public Works Dept.)

Recommendation: It is recommended that the City Council:
(1) Find the contract proposed in the agenda report to be categorically exempt under the California Environmental Quality Act (CEQA) pursuant to Title 14, Chapter 3, Article 19, Section 15332, Class 32, In-Fill Development Projects, and that there are no features that distinguish this project from others in the exempt class, and therefore, there are no unusual circumstances; and
(2) Accept the bid dated January 5, 2023, submitted by Golden Sun Enterprise, Inc., in response to the plans and specifications for the Jefferson School Pickleball Courts project, reject all other bids received, and authorize the City Manager to enter into a contract for

an amount not-to-exceed \$169,944, which includes the base contract amount of \$147,777 and a contingency of \$22,167 to provide for any necessary change orders. (Contract No. 32523)

Bruce A. Bailey, Pasadena resident, expressed concerns with the staff recommendation, submitted an alternative plan to the proposed pickleball courts, and advocated for the court lighting at the Jefferson School Pickleball Courts.

Tony Olmos, Director of Public Works, stated that he has received Mr. Bailey's alternate proposed site plan, and commented that he will reach out to the contractor to further discuss his proposal. He also noted the need to review the steps on the west side of the building to determine if any constraints with ADA requirements exist.

ECONOMIC DEVELOPMENT AND TECHNOLOGY COMMITTEE:
APPROVAL OF IN-PERSON AND REMOTE PUBLIC COMMENT PARTICIPATION AT PUBLIC MEETINGS OF THE CITY COUNCIL, COUNCIL STANDING COMMITTEES, AND SPECIFIED CITY LEGISLATIVE BODIES THAT MEET IN THE CITY COUNCIL CHAMBER (Dept. of Information Technology)

Recommendation: It is recommended that the City Council:

- (1) Find that the proposed action in the agenda report is exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA guidelines Section 15061(b)(3) (Common Sense Exemption); and
- (2) Approve in-person and remote public comment participation at public meetings of the City Council, Economic Development and Technology Committee, Finance Committee, Legislative Policy Committee, Municipal Services Committee, Public Safety Committee, Community Police Oversight Commission, Design Commission, and Planning Commission, for meetings that occur in the City Council Chamber, effective no earlier than February 27, 2023.

The following individuals spoke in support of the agenda item:

Jill Shook, representing Making Housing and Community Happen(MHCH)
Bert Newton, representing MHCH

Mark Jomsky reported four letters supporting the staff's and EdTech's recommendations to allow remote and in-person public comments at City Council and commission/committee meetings that meet regularly in the Council Chamber, which were received by the City Clerk's Office, distributed to the City Council, posted on-line, and made part of the public record.

Councilmember Masuda expressed his concerns with public comment going beyond pre-Covid participation, noting his preference for in-person public comment only, stating the importance of having speakers participate in-person.

Phillip Leclair, Chief Information Officer Information Technology, presented a PowerPoint presentation on the item; and all responded to questions.

Councilmember Hampton, Chair of the Economic Development and Technology Committee (EdTech) summarized the discussion and the Committee's support for the staff's recommendation.

Vice Mayor Williams requested that speaking order priority consider those individuals that participate in-person vs. individuals participating remotely.

Councilmember Madison advocated for each Chair of each legislative body be authorized to determine speaking order when it comes to public comment in-person vs. virtual, given the many different variables for each individual speaker (e.g., single working parent, student speaker, etc.), stating his preference that the City Council should not micromanage meeting process for all bodies.

Following discussion, the City Attorney stated that City Council can establish rules and such rules would be followed by the Committees and City Council.

Mayor Gordo suggested that the default would be to allow people who are present at the meeting to speak first, with the understanding that the legislative body Chair has the flexibility/discretion to step outside of that priority based on individual meeting circumstances.

Mark Jomsky, City Clerk, shared that public comment cards can be submitted online through the public comment portal, prior to or on the day of the meeting (portal is open to the public after the agenda is posted online and via QR code in the Chamber on the meeting day). He also noted that hardcopy cards can be submitted to staff in the Chamber during the meeting.

City Advisory Bodies

The following individuals provided comments on the agenda item and spoke in opposition to the agenda item:

Bryant Mathews, Pasadena resident
Carolyn Sykes, representing Pasadena Home Sharing

Mark Jomsky reported two letters advocating for the City Council to postpone consideration of the agenda item to provide additional time for members of the Pasadena Home Sharing Network to raise awareness regarding this item and/or requesting that the PTBID exclude short term rentals; and one letter in opposition to the agenda item, which were received by the City Clerk's Office, distributed to the City Council, posted on-line, and made part of the public record.

Mayor Gordo provided the background of the PTBID process, reasons for the inclusion of home sharing/short term rentals as part of the PTBID, noting that such adjustments were made to address the equity of everyone paying into services that would help make it attractive to visit Pasadena.

In response to Councilmember Hampton's questions regarding streamlining the process for the home sharing network, Assistant City Manager Reyes stated that the City has an existing contract with Airbnb to collect the money for home sharing property-owners, which will be amended to include the PTBID cost, which is about 70% of all home sharing properties in the City. He noted that staff has reached out to VRBO in terms of establishing a contract with that network, and is still awaiting a response.

Mayor Gordo asked that staff continue its efforts to monitor the platforms to ensure compliance.

Vice Mayor Williams noted that there will be another opportunity for the public to share their thoughts, concerns, and ideas on the matter. She asked staff to reach out to the home sharing groups to inform them of this opportunity, the current process, and to provide them an opportunity to give public comment at the meeting on March 6, 2023, and the public hearing on March 27, 2023.

It was moved by Councilmember Hampton, seconded by Councilmember Lyon, to approve the remaining consent items noted above, Item 3 (Contract award to Golden Sun Enterprise, Inc...), Item 5 (Approval of in-person and remote public comment participation...) and Item 6 (Resolution of intention to renew the

- (3) Modify Condition of Approval #24 to include Euclid Avenue; correcting a typo.
- (4) A condition of approval recommending that the school endeavor, to the extent feasible, to overlap the phases to minimize construction time.

Mark Jomsky, City Clerk, opened the public hearing; reported that copies of the public hearing notice were mailed and posted on January 23, 2023; and reported two letters expressing concerns with the staff recommendation, including minimal public input on the matter, waiver of environmental review, and/or the omission of the required study of onsite circulation issues in the proposed resolution, which were received by the City Clerk's Office, distributed to the City Council, posted on-line, and made part of the public record.

Jennifer Paige, Interim Director of Planning, introduced the agenda item, and Melanie Hall, Associate Planner, presented a PowerPoint presentation on the item; and all responded to questions.

**BRIEF REPORTS FROM
REPRESENTATIVES/RE
QUEST FOR FUTURE
AGENDA ITEMS**

Mayor Gordo reported that he met with the Southern California Gas Company (SoCal), along with the Assistant City Manager David Reyes and PWP General Manager Sidney Jackson, regarding recent high natural gas prices. He reported that SoCal Gas pointed to high demand and short supplies, stated that the infrastructure work in Texas has been completed, which should help with some relief; noted that the California Public Utilities Commission (CPUC) will hold a meeting on the recent high costs for nature gas; informed the community that assistance is available through the United Way of Greater Los Angeles; noted the availability of Level Pay Plans through SoCal gas to ensure bills are more predictable. He stated

that one area that the City can follow up on is the money that is set aside by SoCal Gas to assist consumers with price spikes in the market, and suggested the Legislative Policy Committee to address that issue with the City's state elected officials in hopes the City can submit a proposal and lead the way in advocating for more than just \$25 million held in reserves for those in need of assistance, since that amount seems insufficient for all of Southern California.

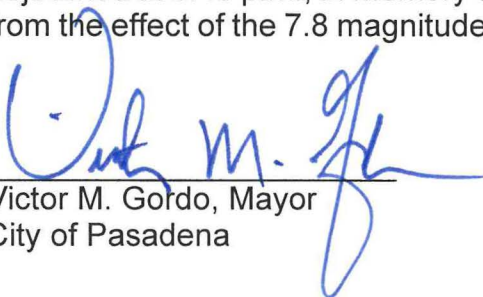

Vice Mayor Williams asked staff to provide this information in the City Manager's Weekly Newsletter, along with the report from CPUC En Banc discussion, stating she has received a lot of emails regarding the issue of high natural gas bills; and asked whether SoCal Gas addressed any impacts resulting from Aliso Canyon. Councilmember Madison, Chair of the Legislative Policy Committee, stated he is happy to add this matter to the Committee's agenda.

Mayor Gordo stated the need for Pasadena to assist community members in signing up for assistance programs, by sending out the link(s) to such programs members of the City Council and/or their constituents.

Mayor Gordo announced and invited everyone to the 41st Annual Black History Parade, Saturday, February 18, 2023, at 10:00 a.m. and the Mayor's State of the City Address on Thursday, February 23, 2023, at 7:00 p.m. at Kaiser Permanente Bernard J. Tyson School of Medicine.

ADJOURNMENT

On order of the Mayor, the regular meeting of the City Council adjourned at 6:48 p.m., in memory and solidarity with those suffering from the effect of the 7.8 magnitude earthquake in Syria and Turkey.
