Re: Letter of Support for 1259 North La Pintoresca Drive, Pasadena CA 91103

Dear Pasadena City Council,

As CEO of Door of Hope, a non-profit based in Pasadena providing shelter and services to families facing homelessness, I understand the need for more affordable housing. I am therefore writing to express my wholehearted support for the proposed development at 1259 North La Pintoresca Drive in Pasadena, CA. This project presents an exceptional opportunity to address pressing housing needs within our community while simultaneously enhancing the quality of life for our cherished senior residents.

While I am aware that this project exceeds the allowed density per the designated zone, it's important to emphasize its alignment with the city's broader goals. This development seamlessly aligns with our city's objectives of increasing housing options and promoting a diverse economic landscape. Moreover, because the latest data shows senior homelessness is on the rise, it will cater exclusively to our senior population with low to very-low incomes, addressing the urgent housing needs of one of the most vulnerable segments of our community.

I urge the City of Pasadena to grant approval for this project. It not only addresses immediate housing shortages but also sets a precedent for compassionate, community-driven development. I am confident that the positive impact this project will have on our neighborhood, combined with its alignment with our city's housing objectives, makes it an invaluable addition to our community.

Should you have any questions or require further information, please do not hesitate to contact me at (626) 304-9130 x118 or via email at [megank@doorofhope.us](mailto:megank@doorofhope.us).

Thank you for considering my support for this project, and I eagerly anticipate witnessing its positive transformation in our community.

Sincerely,

**Megan Katerjian**

Dear Pasadena City Council,

I am writing to express my wholehearted support for the proposed development at 1259 North La Pintoresca Drive in Pasadena, CA. This project presents an exceptional opportunity to address pressing housing needs within our community while simultaneously enhancing the quality of life for our cherished senior residents.

The proposed project comprises several essential components:

- Demolition: It entails the removal of 13 existing units and 26 parking spaces on the south side of the property.
- New Construction: An exciting aspect of this project is the construction of a 2-3 story building, designed to house 58 units and provide 96 parking spaces. When combined with the existing development, this results in a net of 109 units and 109 parking spaces.

While it's worth noting that the project exceeds the allowed density per the designated zone, it's important to emphasize its alignment with the city's broader goals. This development seamlessly aligns with our city's objectives of increasing housing options and promoting a diverse economic landscape. Moreover, it will cater exclusively to our senior population with low to very low incomes, addressing the urgent housing needs of one of the most vulnerable segments of our community.

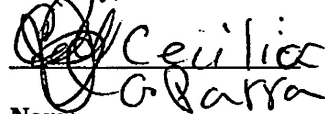

Beyond mitigating our housing shortages, this project promises to contribute positively to the character and land use of our neighborhood. It will create a safer, more vibrant community and is thoughtfully designed to minimize any potential impact on traffic or noise levels.

I urge the City of Pasadena to grant approval for this project. It not only addresses immediate housing shortages but also sets a precedent for compassionate, community-driven development. I am confident that the positive impact this project will have on our neighborhood, combined with its alignment with our city's housing objectives, makes it an invaluable addition to our community.
