Re: Special Item A

Honorable Councilmembers,

Our neighborhood was bisected to build the 210 freeway, followed by depressed property values forever. That worked out great for us because we could get more for our money, and being child-free, had no concerns about the potential health risks.

What I didn't expect is how much it would affect me when little kids around here double over, coughing and wheezing like an old chain smoker. It's very disturbing to see little ones having a hard time breathing. We owe these kids. They are paying for our "progress" with their health. We need higher walls at the very least. More must be done to keep toxic particulate out of their lungs.

Respectfully,
Christina Budai
Lincoln Ave 91103
