Dear Councilmember Hampton,

Good day.

Regarding my role as the First District representative on the Pasadena Transportation Advisory Commission, for personal reasons I find it necessary to resign immediately.

Consider this my official notice, and I hope you will forward the news to the necessary parties.

Please know that I care deeply about the challenges the city faces and will continue to care regardless of my serving as commissioner.

I appreciate the work you do for our district and city.

Respectfully,
Victor Caballero
