Dear Council Members,

We are reaching out in opposition to a ceasefire resolution that will be proposed at your meeting.

While this appears to be a resolution in favor of peace, in fact it is a propaganda move to incite anti-Democracy, anti-Israel, and anti-Jewish sentiments. We urge you to refuse to even consider the resolution.

These politically motivated resolutions are circulating in “toolkits” sent out by the Committee on American Islamic Relations (CAIR) and other terrorist network support groups in the U.S. [1]. The toolkits overtly state that they do not care about the wording; they just want to be able to claim that the city/county has denounced Israel. They have unfailingly proved divisive to the community and have had the effect of pitting sides against each other in antipathy rather than bonding them together in a mutual desire for peace.

There is no possibility of a ceasefire while Hamas is still in power. As Senator Marco Rubio (R-FL) said, “Israel must destroy every element of Hamas,” who’s sole and sinister purpose is to eradicate Israel and the Jewish people [2]. For your reference, we have provided excerpts from the Hamas charter below [3].

Hamas has rejected proposals for months-long pauses in fighting simply in exchange for releasing the hostages. They have vowed to draw Israel into an eternal war, manipulating public opinion and thwarting the process of normalization underway between Israel and several Arab countries. Please note that there was in fact a ceasefire in place on October 7, when Hamas slaughtered Israelis, Americans, and Foreign Nationals in the most barbaric ways seen in centuries. Hamas vows to repeat this over and over even after a new ceasefire agreement is reached.

Furthermore, we urge you not to approve any resolution whose language parrots a false narrative claiming that Jewish people in Israel are colonizers engaged in a 75-year occupation. In fact there has been a Jewish presence in Israel for the past 3,000 years. They are neither colonizers, nor “occupiers” in Gaza - Gaza has been independent since 2005 when Israel removed all its residents and military from Gaza. In 2006, Gazans voted Hamas into power and they have been under Hamas rule since. Nonetheless, anti-Israel and anti-Jewish voices claim that Israel is occupying Gaza and that “resistance is justified”, spreading dangerous misinformation about a democratic country that is used as a justification for terrorism.

As a city council, you represent your local residents in municipal decisions. If the city council were to engage in international affairs, you would likely need to vote on various matters, such as the ongoing Syrian war, the Yemen Civil War, the Rohingya Crisis, the South Sudanese Civil War, and numerous other global issues.

Sadly, ceasefire resolutions have been considered in many city councils in the past few months, and each time rather than enhance peace, they have brought with them vitriol, which has contributed to the 400% increase in anti-Semitism in this country [4]. We have most recently witnessed alarming Neo-Nazi marches in Nashville, the apprehension of an individual plotting to harm the Jewish community in Indiana, physical harm inflicted on Jews on college campuses, the murder of a Jewish man in San Diego and the unsettling cancellation of all college classes in Queens due to a credible terrorist threat.

Normalizing hate against Jews fuels white supremacy, which is seeing an unprecedented growth. The normalization of hate against Jews inadvertently is going to impact ALL minorities. We don't need any more hate in this country. We cannot regress as a country.

Jewish people do not advocate for unnecessary conflicts; it's not in our nature. Our priority is the safe return of our innocent civilians who are being held hostage, possibly under very violent conditions. Additionally, we must protect ourselves from a hostile terrorist organization that harbors destructive intentions towards Jews. Let's be clear, Hamas is waging a war against the Jewish people and democracy itself. Senior Hamas official Mahmoud Al-Zahar stated on December 12, 2022, "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity." (source: <https://gcc02.safelinks.protection.outlook.com/?url=http%3A%2F%2Ftinyurl.com%2F5n8298r4&data=05%7C02%7Cvgordo%40cityofpasadena.net%7C938f0e72c7aa4e11077508dc44ba8702%7C82d9fc002c664402a28fc6bc32e491%7C1%7C0%7C638460815134276065%7CUnknown%7CTWFpbGZsb3d8eyJWlloiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6Ikh1haWwiLCJXVCI6Mn0%3D%7C0%7C%7C%7C&sdata=xivwvjvEVLe3pldGp4klmzGZphIXa1QILZYXlrbDH7MY%3D&reserved=0>)

Furthermore, with all the international conflicts that have not merited your attention, deciding to suddenly weigh in on Israel's foreign policy would send a dual message: a) that a democracy has no right to defend itself against barbaric terrorism, and b) that you hold Israel to a different standard than other countries.

The European Parliament has passed a stipulation that any call for a ceasefire should be conditional on the complete dismantling of Hamas and the immediate and unconditional release of hostages. We hope you would agree.

Thank you for your consideration.

Sincerely,
Lisa Gee

Dear Mayor and City Councilors,

I have been deeply alarmed by the genocide occurring in Gaza. Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated bombardment of Rafah, “the last safe zone” in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

Additionally, a majority of people in Gaza are facing starvation due to humanitarian aid being blocked with the UN warning of famine as soon as May.

It is critical that we respond firmly and strongly with a ceasefire resolution. Please join the over 70 US cities, including San Francisco, Cudahy, Oakland, and Pomona in voting for a ceasefire by voting “Yes” on the resolution introduced by Councilmember Rivas, this Monday

Thank you,
Brianna

I see that the Pasadena City Council is considering passing a resolution calling for a cease-fire in Gaza at their March 18 meeting.

As a long-time Pasadena resident, I strenuously object to this for the following reasons:

In my opinion, cities do not have any business taking moral or ethical positions. These are for individuals to decide for themselves. By passing this resolution, you are making that decision for everyone living in Pasadena, whether they agree with that resolution or not.

Also, these kinds of resolutions are largely ceremonial and are ineffective, especially since the resolution is attempting to influence foreign policy with a leader that has absolutely no reason to stop what he's doing. Do you really think this resolution is going to help?

Too, because you are taking a position on an extremely volatile issue that causes grief no matter which position is chosen, the city is opening itself up to demonstrations by the opposing side. I'm not sure the city is ready for that.

Look, I am all for peace. That is all I want. But I don't want it at all costs. Hamas, Hezbollah and their ilk have to go. Other Arab nations could have taken the Palestinians in and kept them safe while Israeli soldiers sweep for terrorists. But they didn't offer it and that's a damn shame.

Dear Mayor, Councilmembers and Council staff:

I'm writing to urge you to vote YES on the ceasefire resolution when it comes up on the 18th. Pasadena should join the dozens of American cities that have passed ceasefire resolutions. Gaza is running out of time, and needs us to act now.

Pasadena city council has a proud history of standing for justice, even though the council does not exert direct control over national policy. They have spoken out on issues of grave importance in the past - massacres in Artsakh, reproductive freedom, protecting immigrants - this issue deserves the same consideration.

Approximately 40,000 Palestinians have been killed, with tens of thousands more under the rubble. Two-thirds of the dead are women and children. Famine and disease are spreading, and deaths will escalate sharply without an immediate ceasefire and an inflow of aid.

The United Nations has repeatedly voted to pass a ceasefire resolution because the world sees that what is happening in Palestine is not self-defense, but ethnic cleansing and genocide. The refusal by the US to allow the world to speak with one voice is one of the reasons we are here.

Ceasefire is the way to ensure the safe return of all hostages. This is why families of Israeli hostages have been pleading with their government to agree to a ceasefire.

To say that Oct 7 was the end of a ceasefire is simply untrue. Prior to October 7th, 2023 was the deadliest year on record for Palestinians killed by Israel, with 507 Palestinians killed in the West Bank alone. Violence by Israeli forces and also by Israeli settlers (which has been encouraged by the Israeli government) had been escalating and unrelenting leading up to October 7th.

Israel's right to defend itself does not allow it to commit war crimes. Self-defense is not a blank check for genocide. Mass starvation is not self-defense. Mass displacement is not self-defense. Destroying 85 percent of Gaza's homes, as well as schools, hospitals, museums and houses of worship is not self-defense.

Israel has again attacked Palestinian civilians waiting in line to get aid. This time, Israeli forces have killed 80 and injured up to 200 people.

Palestinians do not have time; please act with courage and swiftness to pass this resolution.

Dear City Manager Miguel Marquiz,

I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.

Sincerely,
Mayrav Gaslin

Honorable Mayor Gordo and City Council Members,

I am the pastor of Pasadena Mennonite Church, and work and live in Pasadena. I'm writing to ask you to please vote "Yes" to the ceasefire resolution on Monday, March 18.

My faith compels me to speak out on behalf of the most vulnerable, and to treat all lives as equally precious and made in the Divine image. Mennonites -- and many other Christians who seek Jesus' way of peace -- believe that violence and bloodshed can only produce more violence and bloodshed, and that we must find a different way forward toward reconciliation.

I have been increasingly alarmed by the reports of starvation and the denial of humanitarian aid, including the intentional targeting of humanitarian aid by Israel. Since Oct. 7, over 38,000 people have been killed by Israel (with many weapons supplied by the US). These are civilians, over 13,000 of them children!

I was deeply grieved by the horrific massacres on Oct. 7 of over 1,200 Israelis by Hamas. And, because I believe all lives are equally precious, I am horrified by the disproportionate massacres of Palestinians; over a 1:31 ratio! Even an "eye for an eye" and a "tooth for a tooth" would have been better than this (though I don't support revenge).

Will you respond with a ceasefire resolution? Please join the over 70 US cities, including San Francisco, Cudhy, Oakland, and Pomona in calling for an immediate and permanent ceasefire by voting "Yes" on Monday!

Thank you,

Rev. Katerina Gea

Dear Mayor, Councilmembers and Council staff:

I'm writing to urge you to vote YES on the ceasefire resolution when it comes up on the 18th. Pasadena should join the dozens of American cities that have passed ceasefire resolutions. Gaza is running out of time, and needs us to act now.

Pasadena city council has a proud history of standing for justice, even though the council does not exert direct control over national policy. They have spoken out on issues of grave importance in the past - massacres in Artsakh, reproductive freedom, protecting immigrants - this issue deserves the same consideration.

Approximately 40,000 Palestinians have been killed, with tens of thousands more under the rubble. Two-thirds of the dead are women and children. Famine and disease are spreading, and deaths will escalate sharply without an immediate ceasefire and an inflow of aid.

The United Nations has repeatedly voted to pass a ceasefire resolution because the world sees that what is happening in Palestine is not self-defense, but ethnic cleansing and genocide. The refusal by the US to allow the world to speak with one voice is one of the reasons we are here.

Ceasefire is the way to ensure the safe return of all hostages. This is why families of Israeli hostages have been pleading with their government to agree to a ceasefire.

To say that Oct 7 was the end of a ceasefire is simply untrue. Prior to October 7th, 2023 was the deadliest year on record for Palestinians killed by Israel, with 507 Palestinians killed in the West Bank alone. Violence by Israeli forces and also by Israeli settlers (which has been encouraged by the Israeli government) had been escalating and unrelenting leading up to October 7th.

Israel's right to defend itself does not allow it to commit war crimes. Self-defense is not a blank check for genocide. Mass starvation is not self-defense. Mass displacement is not self-defense. Destroying 85 percent of Gaza's homes, as well as schools, hospitals, museums and houses of worship is not self-defense.

Israel has again attacked Palestinian civilians waiting in line to get aid. This time, Israeli forces have killed 80 and injured up to 200 people.

Palestinians do not have time; please act with courage and swiftness to pass this resolution.

Thank you,

Santiago Gea

Dear Council Members,

We are reaching out in opposition to a ceasefire resolution that will be proposed at your meeting.

While this appears to be a resolution in favor of peace, in fact it is a propaganda move to incite anti-Democracy, anti-Israel, and anti-Jewish sentiments. We urge you to refuse to even consider the resolution.

These politically motivated resolutions are circulating in “toolkits” sent out by the Committee on American Islamic Relations (CAIR) and other terrorist network support groups in the U.S. [1]. The toolkits overtly state that they do not care about the wording; they just want to be able to claim that the city/county has denounced Israel. They have unfailingly proved divisive to the community and have had the effect of pitting sides against each other in antipathy rather than bonding them together in a mutual desire for peace.

There is no possibility of a ceasefire while Hamas is still in power. As Senator Marco Rubio (R-FL) said, “Israel must destroy every element of Hamas,” who’s sole and sinister purpose is to eradicate Israel and the Jewish people [2]. For your reference, we have provided excerpts from the Hamas charter below [3].

Hamas has rejected proposals for months-long pauses in fighting simply in exchange for releasing the hostages. They have vowed to draw Israel into an eternal war, manipulating public opinion and thwarting the process of normalization underway between Israel and several Arab countries. Please note that there was in fact a ceasefire in place on October 7, when Hamas slaughtered Israelis, Americans, and Foreign Nationals in the most barbaric ways seen in centuries. Hamas vows to repeat this over and over even after a new ceasefire agreement is reached.

Furthermore, we urge you not to approve any resolution whose language parrots a false narrative claiming that Jewish people in Israel are colonizers engaged in a 75-year occupation. In fact there has been a Jewish presence in Israel for the past 3,000 years. They are neither colonizers, nor “occupiers” in Gaza - Gaza has been independent since 2005 when Israel removed all its residents and military from Gaza. In 2006, Gazans voted Hamas into power and they have been under Hamas rule since. Nonetheless, anti-Israel and anti-Jewish voices claim that Israel is occupying Gaza and that “resistance is justified”, spreading dangerous misinformation about a democratic country that is used as a justification for terrorism.

As a city council, you represent your local residents in municipal decisions. If the city council were to engage in international affairs, you would likely need to vote on various matters, such as the ongoing Syrian war, the Yemen Civil War, the Rohingya Crisis, the South Sudanese

Civil War, and numerous other global issues.

Sadly, ceasefire resolutions have been considered in many city councils in the past few months, and each time rather than enhance peace, they have brought with them vitriol, which has contributed to the 400% increase in anti-Semitism in this country [4]. We have most recently witnessed alarming Neo-Nazi marches in Nashville, the apprehension of an individual plotting to harm the Jewish community in Indiana, physical harm inflicted on Jews on college campuses, the murder of a Jewish man in San Diego and the unsettling cancellation of all college classes in Queens due to a credible terrorist threat.

Normalizing hate against Jews fuels white supremacy, which is seeing an unprecedented growth. The normalization of hate against Jews inadvertently is going to impact ALL minorities. We don't need any more hate in this country. We cannot regress as a country.

Jewish people do not advocate for unnecessary conflicts; it's not in our nature. Our priority is the safe return of our innocent civilians who are being held hostage, possibly under very violent conditions. Additionally, we must protect ourselves from a hostile terrorist organization that harbors destructive intentions towards Jews. Let's be clear, Hamas is waging a war against the Jewish people and democracy itself. Senior Hamas official Mahmoud Al-Zahar stated on December 12, 2022, "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity." (source: <http://tinyurl.com/5n8298r4>)

Furthermore, with all the international conflicts that have not merited your attention, deciding to suddenly weigh in on Israel's foreign policy would send a dual message: a) that a democracy has no right to defend itself against barbaric terrorism, and b) that you hold Israel to a different standard than other countries.

The European Parliament has passed a stipulation that any call for a ceasefire should be conditional on the complete dismantling of Hamas and the immediate and unconditional release of hostages. We hope you would agree.

Thank you for your consideration.

Sincerely,
Susan Gefen

Dear Mayor Gordo, City Council Members, Mr. Marquiz, and Mr. Jomsky,

I'm a resident of Pasadena and I write in opposition to a potential city council resolution calling for a ceasefire in Gaza. Our city is a vibrant, inclusive community. Yet, we face a number of challenges, from declining enrollment at PUSD to the homelessness crisis. It is in Pasadena's best interests for the Council to focus on these pressing local issues while leaving complex foreign policy and security debates to the federal government. For that reason, I urge you to oppose any resolution calling for a ceasefire in Gaza.

Best,
Grant Gelberg

Dear Mayor Gordo, City Council Members, Mr. Marquiz, and Mr. Jomsky,

I'm a resident of Pasadena, and I am writing to oppose a potential city council resolution calling for a ceasefire in Gaza. Our city is a diverse and inclusive community, and I believe that voting for a ceasefire would create division. It is in Pasadena's best interests for the Council to focus on these pressing local issues while leaving complex foreign policy and security debates to the federal government. For that reason, I urge you to oppose any resolution calling for a ceasefire in Gaza.

Thank you,
Maureen Gelberg

Dear Council Members,

We are reaching out in opposition to a ceasefire resolution that will be proposed at your meeting.

While this appears to be a resolution in favor of peace, in fact it is a propaganda move to incite anti-Democracy, anti-Israel, and anti-Jewish sentiments. We urge you to refuse to even consider the resolution.

These politically motivated resolutions are circulating in “toolkits” sent out by the Committee on American Islamic Relations (CAIR) and other terrorist network support groups in the U.S. [1]. The toolkits overtly state that they do not care about the wording; they just want to be able to claim that the city/county has denounced Israel. They have unfailingly proved divisive to the community and have had the effect of pitting sides against each other in antipathy rather than bonding them together in a mutual desire for peace.

There is no possibility of a ceasefire while Hamas is still in power. As Senator Marco Rubio (R-FL) said, “Israel must destroy every element of Hamas,” who’s sole and sinister purpose is to eradicate Israel and the Jewish people [2]. For your reference, we have provided excerpts from the Hamas charter below [3].

Hamas has rejected proposals for months-long pauses in fighting simply in exchange for releasing the hostages. They have vowed to draw Israel into an eternal war, manipulating public opinion and thwarting the process of normalization underway between Israel and several Arab countries. Please note that there was in fact a ceasefire in place on October 7, when Hamas slaughtered Israelis, Americans, and Foreign Nationals in the most barbaric ways seen in centuries. Hamas vows to repeat this over and over even after a new ceasefire agreement is reached.

Furthermore, we urge you not to approve any resolution whose language parrots a false narrative claiming that Jewish people in Israel are colonizers engaged in a 75-year occupation. In fact there has been a Jewish presence in Israel for the past 3,000 years. They are neither colonizers, nor “occupiers” in Gaza - Gaza has been independent since 2005 when Israel removed all its residents and military from Gaza. In 2006, Gazans voted Hamas into power and they have been under Hamas rule since. Nonetheless, anti-Israel and anti-Jewish voices claim that Israel is occupying Gaza and that “resistance is justified”, spreading dangerous misinformation about a democratic country that is used as a justification for terrorism.

As a city council, you represent your local residents in municipal decisions. If the city council were to engage in international affairs, you would likely need to vote on various matters, such as the ongoing Syrian war, the Yemen Civil War, the Rohingya Crisis, the South Sudanese

Civil War, and numerous other global issues.

Sadly, ceasefire resolutions have been considered in many city councils in the past few months, and each time rather than enhance peace, they have brought with them vitriol, which has contributed to the 400% increase in anti-Semitism in this country [4]. We have most recently witnessed alarming Neo-Nazi marches in Nashville, the apprehension of an individual plotting to harm the Jewish community in Indiana, physical harm inflicted on Jews on college campuses, the murder of a Jewish man in San Diego and the unsettling cancellation of all college classes in Queens due to a credible terrorist threat.

Normalizing hate against Jews fuels white supremacy, which is seeing an unprecedented growth. The normalization of hate against Jews inadvertently is going to impact ALL minorities. We don't need any more hate in this country. We cannot regress as a country.

Jewish people do not advocate for unnecessary conflicts; it's not in our nature. Our priority is the safe return of our innocent civilians who are being held hostage, possibly under very violent conditions. Additionally, we must protect ourselves from a hostile terrorist organization that harbors destructive intentions towards Jews. Let's be clear, Hamas is waging a war against the Jewish people and democracy itself. Senior Hamas official Mahmoud Al-Zahar stated on December 12, 2022, "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity." (source: <http://tinyurl.com/5n8298r4>)

Furthermore, with all the international conflicts that have not merited your attention, deciding to suddenly weigh in on Israel's foreign policy would send a dual message: a) that a democracy has no right to defend itself against barbaric terrorism, and b) that you hold Israel to a different standard than other countries.

The European Parliament has passed a stipulation that any call for a ceasefire should be conditional on the complete dismantling of Hamas and the immediate and unconditional release of hostages. We hope you would agree.

Thank you for your consideration.

Sincerely,
J gellet

Dear Mayor Gordo,

As a Caltech alumni and a member of the larger Pasadena community, I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community within Pasadena, its fine educational institutions, workplaces, and beyond.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.

Sincerely,
Roman Gelman

Dear Mayor and City Councilors,

I have been deeply alarmed by the genocide occurring in Gaza. Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated bombardment of Rafah, “the last safe zone” in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

Additionally, a majority of people in Gaza are facing starvation due to humanitarian aid being blocked with the UN warning of famine as soon as May.

It is critical that we respond firmly and strongly with a ceasefire resolution. Please join the over 70 US cities, including San Francisco, Cudahy, Oakland, and Pomona in voting for a ceasefire by voting “Yes” on the resolution introduced by Councilmember Rivas, this Monday

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.

Dear Mayor and City Councilors,

I have been deeply alarmed by the genocide occurring in Gaza. Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated bombardment of Rafah, “the last safe zone” in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

Additionally, a majority of people in Gaza are facing starvation due to humanitarian aid being blocked with the UN warning of famine as soon as May.

It is critical that we respond firmly and strongly with a ceasefire resolution. Please join the over 70 US cities, including San Francisco, Cudahy, Oakland, and Pomona in voting for a ceasefire by voting “Yes” on the resolution introduced by Councilmember Rivas, this Monday

Thank you,
Ibrahim G.

Dear Mayor Gordo,

I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues.
