Dear Mayor Gordo,

I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.

Sincerely,
Michael Rabin

Dear Council Members,

We are reaching out in opposition to a ceasefire resolution that will be proposed at your meeting.

While this appears to be a resolution in favor of peace, in fact it is a propaganda move to incite anti-Democracy, anti-Israel, and anti-Jewish sentiments. We urge you to refuse to even consider the resolution.

These politically motivated resolutions are circulating in “toolkits” sent out by the Committee on American Islamic Relations (CAIR) and other terrorist network support groups in the U.S. [1]. The toolkits overtly state that they do not care about the wording; they just want to be able to claim that the city/county has denounced Israel. They have unfailingly proved divisive to the community and have had the effect of pitting sides against each other in antipathy rather than bonding them together in a mutual desire for peace.

There is no possibility of a ceasefire while Hamas is still in power. As Senator Marco Rubio (R-FL) said, “Israel must destroy every element of Hamas,” who’s sole and sinister purpose is to eradicate Israel and the Jewish people [2]. For your reference, we have provided excerpts from the Hamas charter below [3].

Hamas has rejected proposals for months-long pauses in fighting simply in exchange for releasing the hostages. They have vowed to draw Israel into an eternal war, manipulating public opinion and thwarting the process of normalization underway between Israel and several Arab countries. Please note that there was in fact a ceasefire in place on October 7, when Hamas slaughtered Israelis, Americans, and Foreign Nationals in the most barbaric ways seen in centuries. Hamas vows to repeat this over and over even after a new ceasefire agreement is reached.

Furthermore, we urge you not to approve any resolution whose language parrots a false narrative claiming that Jewish people in Israel are colonizers engaged in a 75-year occupation. In fact there has been a Jewish presence in Israel for the past 3,000 years. They are neither colonizers, nor “occupiers” in Gaza - Gaza has been independent since 2005 when Israel removed all its residents and military from Gaza. In 2006, Gazans voted Hamas into power and they have been under Hamas rule since. Nonetheless, anti-Israel and anti-Jewish voices claim that Israel is occupying Gaza and that “resistance is justified”, spreading dangerous misinformation about a democratic country that is used as a justification for terrorism.

As a city council, you represent your local residents in municipal decisions. If the city council were to engage in international affairs, you would likely need to vote on various matters, such as the ongoing Syrian war, the Yemen Civil War, the Rohingya Crisis, the South Sudanese

Civil War, and numerous other global issues.

Sadly, ceasefire resolutions have been considered in many city councils in the past few months, and each time rather than enhance peace, they have brought with them vitriol, which has contributed to the 400% increase in anti-Semitism in this country [4]. We have most recently witnessed alarming Neo-Nazi marches in Nashville, the apprehension of an individual plotting to harm the Jewish community in Indiana, physical harm inflicted on Jews on college campuses, the murder of a Jewish man in San Diego and the unsettling cancellation of all college classes in Queens due to a credible terrorist threat.

Normalizing hate against Jews fuels white supremacy, which is seeing an unprecedented growth. The normalization of hate against Jews inadvertently is going to impact ALL minorities. We don't need any more hate in this country. We cannot regress as a country.

Jewish people do not advocate for unnecessary conflicts; it's not in our nature. Our priority is the safe return of our innocent civilians who are being held hostage, possibly under very violent conditions. Additionally, we must protect ourselves from a hostile terrorist organization that harbors destructive intentions towards Jews. Let's be clear, Hamas is waging a war against the Jewish people and democracy itself. Senior Hamas official Mahmoud Al-Zahar stated on December 12, 2022, "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity." (source: <http://tinyurl.com/5n8298r4>)

Furthermore, with all the international conflicts that have not merited your attention, deciding to suddenly weigh in on Israel's foreign policy would send a dual message: a) that a democracy has no right to defend itself against barbaric terrorism, and b) that you hold Israel to a different standard than other countries.

The European Parliament has passed a stipulation that any call for a ceasefire should be conditional on the complete dismantling of Hamas and the immediate and unconditional release of hostages. We hope you would agree.

Thank you for your consideration.

Sincerely,

Fran Rabinowitz

Dear Mayor and City Councilors,

I have been deeply alarmed by the genocide occurring in Gaza. Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated bombardment of Rafah, "the last safe zone" in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

Additionally, a majority of people in Gaza are facing starvation due to humanitarian aid being blocked with the UN warning of famine as soon as May.

It is critical that we respond firmly and strongly with a ceasefire resolution. Please join the over 70 US cities, including San Francisco, Cudahy, Oakland, and Pomona in voting for a ceasefire by voting "Yes" on the resolution introduced by Councilmember Rivas, this Monday

Thank you,

Dear Mayor, Councilmembers and Council staff:

I'm writing to urge you to vote YES on the ceasefire resolution when it comes up on the 18th. Pasadena should join the dozens of American cities that have passed ceasefire resolutions. Gaza is running out of time, and needs us to act now.

Pasadena city council has a proud history of standing for justice, even though the council does not exert direct control over national policy. They have spoken out on issues of grave importance in the past - massacres in Artsakh, reproductive freedom, protecting immigrants - this issue deserves the same consideration.

Approximately 40,000 Palestinians have been killed, with tens of thousands more under the rubble. Two-thirds of the dead are women and children. Famine and disease are spreading, and deaths will escalate sharply without an immediate ceasefire and an inflow of aid.

The United Nations has repeatedly voted to pass a ceasefire resolution because the world sees that what is happening in Palestine is not self-defense, but ethnic cleansing and genocide. The refusal by the US to allow the world to speak with one voice is one of the reasons we are here.

Ceasefire is the way to ensure the safe return of all hostages. This is why families of Israeli hostages have been pleading with their government to agree to a ceasefire.

To say that Oct 7 was the end of a ceasefire is simply untrue. Prior to October 7th, 2023 was the deadliest year on record for Palestinians killed by Israel, with 507 Palestinians killed in the West Bank alone. Violence by Israeli forces and also by Israeli settlers (which has been encouraged by the Israeli government) had been escalating and unrelenting leading up to October 7th.

Israel's right to defend itself does not allow it to commit war crimes. Self-defense is not a blank check for genocide. Mass starvation is not self-defense. Mass displacement is not self-defense. Destroying 85 percent of Gaza's homes, as well as schools, hospitals, museums and houses of worship is not self-defense.

Israel has again attacked Palestinian civilians waiting in line to get aid. This time, Israeli forces have killed 80 and injured up to 200 people.

Palestinians do not have time; please act with courage and swiftness to pass this resolution.

Thank you

Best Regards,

Dear Mayor and City Councilors,

I have been deeply alarmed by the genocide occurring in Gaza. Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated bombardment of Rafah, “the last safe zone” in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

Additionally, a majority of people in Gaza are facing starvation due to humanitarian aid being blocked with the UN warning of famine as soon as May.

It is critical that we respond firmly and strongly with a ceasefire resolution. Please join the over 70 US cities, including San Francisco, Cudahy, Oakland, and Pomona in voting for a ceasefire by voting “Yes” on the resolution introduced by Councilmember Rivas, this Monday

Thank you,

Kanishka Ramyar

Dear City Manager Miguel Marquiz,

I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.

The above written plea is all correct. Hamas THE TERRORISTS have already turned down 5 ceasefire/ humanitarian aid agreements Israel has offered. Please appealing to your intellect the Resolution will not achieve your intended result but quite the opposite plus it will fuel hate, I believe no one wants that result. Please have the courage to vote it down. GD Bless you all.

Dear Mayor and City Councilors,

I have been deeply alarmed by the humanitarian crisis occurring in Gaza. Since Oct. 7, over 10,000 children have been killed by Israeli forces. My young children ask me to explain how many kids that is and I'm unable to. Most recently, Israel has escalated bombardment of Rafah, "the last safe zone" in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

The New York Times reported today about impending famine in northern Gaza.

Dear Mayor Victor Gordo,

Please vote “Yes” to the resolution condemning the genocide in Gaza and calling for a ceasefire on Monday March 18.

Human Rights Watch agrees with the International Court of Justice that Israel’s actions in Gaza constitute a genocide and urges other countries to “use all forms of leverage, including sanctions and embargoes, to press the Israeli government to comply with the court’s binding orders in the genocide case.”

Human Rights Watch has also previously called the conditions in the West Bank and Gaza “apartheid” conditions.

The Israeli human rights group, B’T Selem, accuses Israel of War Crimes in Gaza and states, “...this policy is not new, but has been implemented towards Gaza for many years. The death, destruction, pain and horror it has wrought have led to nothing but more horror.”

Pasadena can do our part by passing a ceasefire resolution now. We cannot continue to support and fund a genocide with US tax dollars when American people are not even getting the support they need.

Best,
Maryam

Dear Council Members,

We are reaching out in opposition to a ceasefire resolution that will be proposed at your meeting.

While this appears to be a resolution in favor of peace, in fact it is a propaganda move to incite anti-Democracy, anti-Israel, and anti-Jewish sentiments. We urge you to refuse to even consider the resolution.

These politically motivated resolutions are circulating in “toolkits” sent out by the Committee on American Islamic Relations (CAIR) and other terrorist network support groups in the U.S. [1]. The toolkits overtly state that they do not care about the wording; they just want to be able to claim that the city/county has denounced Israel. They have unfailingly proved divisive to the community and have had the effect of pitting sides against each other in antipathy rather than bonding them together in a mutual desire for peace.

There is no possibility of a ceasefire while Hamas is still in power. As Senator Marco Rubio (R-FL) said, “Israel must destroy every element of Hamas,” who’s sole and sinister purpose is to eradicate Israel and the Jewish people [2]. For your reference, we have provided excerpts from the Hamas charter below [3].

Hamas has rejected proposals for months-long pauses in fighting simply in exchange for releasing the hostages. They have vowed to draw Israel into an eternal war, manipulating public opinion and thwarting the process of normalization underway between Israel and several Arab countries. Please note that there was in fact a ceasefire in place on October 7, when Hamas slaughtered Israelis, Americans, and Foreign Nationals in the most barbaric ways seen in centuries. Hamas vows to repeat this over and over even after a new ceasefire agreement is reached.

Furthermore, we urge you not to approve any resolution whose language parrots a false narrative claiming that Jewish people in Israel are colonizers engaged in a 75-year occupation. In fact there has been a Jewish presence in Israel for the past 3,000 years. They are neither colonizers, nor “occupiers” in Gaza - Gaza has been independent since 2005 when Israel removed all its residents and military from Gaza. In 2006, Gazans voted Hamas into power and they have been under Hamas rule since. Nonetheless, anti-Israel and anti-Jewish voices claim that Israel is occupying Gaza and that “resistance is justified”, spreading dangerous misinformation about a democratic country that is used as a justification for terrorism.

As a city council, you represent your local residents in municipal decisions. If the city council were to engage in international affairs, you would likely need to vote on various matters, such

as the ongoing Syrian war, the Yemen Civil War, the Rohingya Crisis, the South Sudanese Civil War, and numerous other global issues.

Sadly, ceasefire resolutions have been considered in many city councils in the past few months, and each time rather than enhance peace, they have brought with them vitriol, which has contributed to the 400% increase in anti-Semitism in this country [4]. We have most recently witnessed alarming Neo-Nazi marches in Nashville, the apprehension of an individual plotting to harm the Jewish community in Indiana, physical harm inflicted on Jews on college campuses, the murder of a Jewish man in San Diego and the unsettling cancellation of all college classes in Queens due to a credible terrorist threat.

Normalizing hate against Jews fuels white supremacy, which is seeing an unprecedented growth. The normalization of hate against Jews inadvertently is going to impact ALL minorities. We don't need any more hate in this country. We cannot regress as a country.

Jewish people do not advocate for unnecessary conflicts; it's not in our nature. Our priority is the safe return of our innocent civilians who are being held hostage, possibly under very violent conditions. Additionally, we must protect ourselves from a hostile terrorist organization that harbors destructive intentions towards Jews. Let's be clear, Hamas is waging a war against the Jewish people and democracy itself. Senior Hamas official Mahmoud Al-Zahar stated on December 12, 2022, "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity." (source: <http://tinyurl.com/5n8298r4>)

Furthermore, with all the international conflicts that have not merited your attention, deciding to suddenly weigh in on Israel's foreign policy would send a dual message: a) that a democracy has no right to defend itself against barbaric terrorism, and b) that you hold Israel to a different standard than other countries.

The European Parliament has passed a stipulation that any call for a ceasefire should be conditional on the complete dismantling of Hamas and the immediate and unconditional release of hostages. We hope you would agree.

Thank you for your consideration.

Sincerely,

Elena Riber

Dear Mayor and City Councilors,

I have been deeply alarmed by the genocide occurring in Gaza. Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated bombardment of Rafah, “the last safe zone” in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

Additionally, a majority of people in Gaza are facing starvation due to humanitarian aid being blocked with the UN warning of famine as soon as May.

It is critical that we respond firmly and strongly with a ceasefire resolution. Please join the over 70 US cities, including San Francisco, Cudahy, Oakland, and Pomona in voting for a ceasefire by voting “Yes” on the resolution introduced by Councilmember Rivas, this Monday

Thank you,
Omar Ricci

Dear Mayor Gordo,

I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.

Sincerely,
Marvin Rice

Dear City Manager Miguel Marquiz,

I urge you not to adopt the "ceasefire" resolution your are considering on March 18th. It is biased. This fuels more hate in Pasadena where I have lived and voted in every election since 1999. Pasadena City Council should only govern our multiple city issues and not play with taxpayer dollars while wasting time on international issues.

Both sides in this conflict are right and both sides are wrong. The issues are complex.

Please do not adopt this resolution. Instead, please join in efforts to bring people in Pasadena together, rather than adding fuel to the fire of hate.

Sincerely,
Janice Rocker

{contact_data~salutation,}

I write to you as a constituent and as a member of Amnesty International USA with deep concern over the escalating conflict in Gaza and Israel. The U.S. government – including at the local level – is uniquely positioned to have tremendous impact in this conflict to ensure the protection of civilians and prevent further suffering.

Since October 7, we have witnessed horror unfolding on an unimaginable scale in the Occupied Palestinian Territories and Israel. More than 2 million Palestinians in the occupied Gaza Strip are struggling to survive amid the Israeli military's ongoing offensive, and the level of civilian casualties has been unprecedented.

I am encouraging you to publicly call for an immediate ceasefire and appeal to the Israeli government to allow life-saving fuel, water, and food into Gaza.

The majority of Americans support a ceasefire, but President Biden has yet to call for one. In response, towns and cities across the country are rising up to pass their own resolutions. I ask that you, in your capacity, do what you can to help to pass one here.

The need for an immediate ceasefire by all parties is more urgent than ever to protect civilians, prevent a mounting civilian death toll in Gaza, prevent further displacement of Palestinians, and provide an opportunity to secure the safe release of the remaining hostages.

Thank you for your consideration.

Sincerely,

Lenore Rodah

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.

Sincerely,
Selena Rojhani

Dear Council Members,

We are reaching out in opposition to a ceasefire resolution that will be proposed at your meeting.

While this appears to be a resolution in favor of peace, in fact it is a propaganda move to incite anti-Democracy, anti-Israel, and anti-Jewish sentiments. We urge you to refuse to even consider the resolution.

These politically motivated resolutions are circulating in “toolkits” sent out by the Committee on American Islamic Relations (CAIR) and other terrorist network support groups in the U.S. [1]. The toolkits overtly state that they do not care about the wording; they just want to be able to claim that the city/county has denounced Israel. They have unfailingly proved divisive to the community and have had the effect of pitting sides against each other in antipathy rather than bonding them together in a mutual desire for peace.

There is no possibility of a ceasefire while Hamas is still in power. As Senator Marco Rubio (R-FL) said, “Israel must destroy every element of Hamas,” who’s sole and sinister purpose is to eradicate Israel and the Jewish people [2]. For your reference, we have provided excerpts from the Hamas charter below [3].

Hamas has rejected proposals for months-long pauses in fighting simply in exchange for releasing the hostages. They have vowed to draw Israel into an eternal war, manipulating public opinion and thwarting the process of normalization underway between Israel and several Arab countries. Please note that there was in fact a ceasefire in place on October 7, when Hamas slaughtered Israelis, Americans, and Foreign Nationals in the most barbaric ways seen in centuries. Hamas vows to repeat this over and over even after a new ceasefire agreement is reached.

Furthermore, we urge you not to approve any resolution whose language parrots a false narrative claiming that Jewish people in Israel are colonizers engaged in a 75-year occupation. In fact there has been a Jewish presence in Israel for the past 3,000 years. They are neither colonizers, nor “occupiers” in Gaza - Gaza has been independent since 2005 when Israel removed all its residents and military from Gaza. In 2006, Gazans voted Hamas into power and they have been under Hamas rule since. Nonetheless, anti-Israel and anti-Jewish voices claim that Israel is occupying Gaza and that “resistance is justified”, spreading dangerous misinformation about a democratic country that is used as a justification for terrorism.

As a city council, you represent your local residents in municipal decisions. If the city council were to engage in international affairs, you would likely need to vote on various matters, such

as the ongoing Syrian war, the Yemen Civil War, the Rohingya Crisis, the South Sudanese Civil War, and numerous other global issues.

Sadly, ceasefire resolutions have been considered in many city councils in the past few months, and each time rather than enhance peace, they have brought with them vitriol, which has contributed to the 400% increase in anti-Semitism in this country [4]. We have most recently witnessed alarming Neo-Nazi marches in Nashville, the apprehension of an individual plotting to harm the Jewish community in Indiana, physical harm inflicted on Jews on college campuses, the murder of a Jewish man in San Diego and the unsettling cancellation of all college classes in Queens due to a credible terrorist threat.

Normalizing hate against Jews fuels white supremacy, which is seeing an unprecedented growth. The normalization of hate against Jews inadvertently is going to impact ALL minorities. We don't need any more hate in this country. We cannot regress as a country.

Jewish people do not advocate for unnecessary conflicts; it's not in our nature. Our priority is the safe return of our innocent civilians who are being held hostage, possibly under very violent conditions. Additionally, we must protect ourselves from a hostile terrorist organization that harbors destructive intentions towards Jews. Let's be clear, Hamas is waging a war against the Jewish people and democracy itself. Senior Hamas official Mahmoud Al-Zahar stated on December 12, 2022, "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity." (source: <http://tinyurl.com/5n8298r4>)

Furthermore, with all the international conflicts that have not merited your attention, deciding to suddenly weigh in on Israel's foreign policy would send a dual message: a) that a democracy has no right to defend itself against barbaric terrorism, and b) that you hold Israel to a different standard than other countries.

The European Parliament has passed a stipulation that any call for a ceasefire should be conditional on the complete dismantling of Hamas and the immediate and unconditional release of hostages. We hope you would agree.

Thank you for your consideration.

Sincerely,

82% of Americans support Israel's fight against Hamas" (Harvard Harris Poll). [5]

Dear Mayor and City Councilors,

I have been deeply alarmed and devastated by the genocide occurring in Gaza. Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated bombardment of Rafah, “the last safe zone” in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

The majority of people in Gaza are also facing starvation due to humanitarian aid being blocked with the UN warning of famine as soon as May.

Israel has gone as far as to use humanitarian aid as bait to lure hungry Palestinian people in and massacre them as they attempt to gather any scrap of food for their families

THIS MUST END

It is critical that we respond firmly and strongly with a ceasefire resolution. Please join the over 70 US cities, including San Francisco, Cudahy, Oakland, and Pomona in voting for a ceasefire by voting “Yes” on the resolution introduced by Council member Rivas, this Monday

Thank you,

Dear Mayor Gordo,

I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. Dear Mayor, Councilmembers and Council staff:

I'm writing to urge you to vote YES on the ceasefire resolution when it comes up on the 18th. Pasadena should join the dozens of American cities that have passed ceasefire resolutions. Gaza is running out of time, and needs us to act now.

Pasadena city council has a proud history of standing for justice, even though the council does not exert direct control over national policy. They have spoken out on issues of grave importance in the past - massacres in Artsakh, reproductive freedom, protecting immigrants - this issue deserves the same consideration.

Approximately 40,000 Palestinians have been killed, with tens of thousands more under the rubble. Two-thirds of the dead are women and children. Famine and disease are spreading, and deaths will escalate sharply without an immediate ceasefire and an inflow of aid.

The United Nations has repeatedly voted to pass a ceasefire resolution because the world sees that what is happening in Palestine is not self-defense, but ethnic cleansing and genocide. The refusal by the US to allow the world to speak with one voice is one of the reasons we are here.

Ceasefire is the way to ensure the safe return of all hostages. This is why families of Israeli hostages have been pleading with their government to agree to a ceasefire.

To say that Oct 7 was the end of a ceasefire is simply untrue. Prior to October 7th, 2023 was the deadliest year on record for Palestinians killed by Israel, with 507 Palestinians killed in the West Bank alone. Violence by Israeli forces and also by Israeli settlers (which has been encouraged by the Israeli government) had been escalating and unrelenting leading up to October 7th.

Israel's right to defend itself does not allow it to commit war crimes. Self-defense is not a blank check for genocide. Mass starvation is not self-defense. Mass displacement is not self-defense. Destroying 85 percent of Gaza's homes, as well as schools, hospitals, museums and houses of worship is not self-defense.

Israel has again attacked Palestinian civilians waiting in line to get aid. This time, Israeli forces have killed 80 and injured up to 200 people.

Palestinians do not have time; please act with courage and swiftness to pass this resolution.

Thank you

What City relevance is there in the Monday vote on the Mideast other than appeasing activists who've made you feel momentarily uncomfortable?

You have no jurisdiction over foreign affairs. It is irresponsible to assert official city opinion on matters where you have no competence or special knowledge, even in a silly resolution.

How far away from city business can you get?

Ridiculous!

Dear Mayor Gordo, I was one of the people who spoke during time set aside for items not on the agenda. I deeply appreciate that the council allowed us to speak in favor of placing on the City Council agenda a ceasefire resolution for Gaza. And I am most grateful that the council decided to put the question of a ceasefire in Gaza on the agenda this coming Sunday. While I will let others speak, I want to let you know how important it is that Pasadena join other cities around the country in adopting a ceasefire resolution

To do so does not mean that the city council would be taking sides between Israel and Hamas. Both are violating international laws regarding innocent civilians and over one million people, children, women and men in Gaza, are needlessly dying or starving, and too many Israelis are still being held as hostages, meaning more and more suffering and death.

It is in the interest of both Israeli citizens and Palestinian citizens that the war end immediately
The security and safety of both peoples depends on a diplomatic solution, not a military one. Violence begets violence begets violence. This war must end!

Thank you again,

Rev. Joe Roos
