Dear City Manager Miguel Marquez,

I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.

Sincerely,
Rosalie klein

Dear Mayor and City Councilors,

We MUST look humanity in its truth and CEASEFIRE NOW to stop the horrific genocide in Gaza. We must stop funding weapons!! We must listen to humans in Palestine and Isreal!!

I have been deeply alarmed by the genocide occurring in Gaza. Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated bombardment of Rafah, “the last safe zone” in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

Additionally, a majority of people in Gaza are facing starvation due to humanitarian aid being blocked with the UN warning of famine as soon as May.

It is critical that we respond firmly and strongly with a ceasefire resolution. Please join the over 70 US cities, including San Francisco, Cudahy, Oakland, and Pomona in voting for a ceasefire by voting “Yes” on the resolution introduced by Councilmember Rivas, this Monday

Thank you,

Hamas is a terrorist organization whose sole purpose is the destruction of Israel and all Jews. They take all aid meant for the Palestinian people and use it for themselves. We elected our mayor and city council to handle Pasadena problems, not conflicts throughout the world. Passing the cease fire resolution will only further antisemitism and divide our city, and not bring peace.

Please work to further the interests of Pasadena residents and stay out of international politics. Ellen Knell a Pasadena resident

Dear Councilor Hampton,

My name is Hannah K, and I live here in Pasadena.

I'm writing to urge you to vote YES on the ceasefire resolution when it comes up on the 18th. Pasadena should join the dozens of American cities that have passed ceasefire resolutions.

Pasadena city council has a proud history of standing for justice, even though the council does not exert direct control over national policy. They have spoken out on issues of grave importance in the past - massacres in Artsakh, reproductive freedom, protecting immigrants - this issue deserves the same consideration.

Approximately 40,000 Palestinians have been killed, with tens of thousands more under the rubble. Two-thirds of the dead are women and children. Famine and disease are spreading, and deaths will escalate sharply without an immediate ceasefire and an inflow of aid.

The loss and suffering of the Palestinian people is not something to turn away from. As a father in Palestine said, after an attack by Israeli forces on a mosque, "To lose my son, to lose my house, to sleep on the floor of a classroom? My children are wetting themselves, of panic, of fear, of cold. We have nothing to do with this. What fault did we commit? I raised my child, my entire life, for what? To see him die while buying bread" ([Israeli attacks wipe out entire families in Gaza](#))

We have the chance to respond to this cry, to this suffering by naming this atrocity for what it, by offering our empathy and shared humanity, and standing alongside Palestinians in a call for an to this genocide.

Every life in Gaza is worthy of existing.

Palestinians do not have time; please act with courage and swiftness to pass this resolution.

Thank you,
Hannah K

Dear Mayor Gordo,

Please vote "Yes" to the ceasefire resolution on Monday, March 18.

To quote Brennan Lee Mulligan (an internet persona), "In the same way that your heart feels, and your mind thinks, you... are the instrument through which the universe cares. If you choose to care, then the universe cares. If you don't, it doesn't."

Dear Council Members,

We are reaching out in opposition to a ceasefire resolution that will be proposed at your meeting.

While this appears to be a resolution in favor of peace, in fact it is a propaganda move to incite anti-Democracy, anti-Israel, and anti-Jewish sentiments. We urge you to refuse to even consider the resolution.

These politically motivated resolutions are circulating in “toolkits” sent out by the Committee on American Islamic Relations (CAIR) and other terrorist network support groups in the U.S. [1]. The toolkits overtly state that they do not care about the wording; they just want to be able to claim that the city/county has denounced Israel. They have unfailingly proved divisive to the community and have had the effect of pitting sides against each other in antipathy rather than bonding them together in a mutual desire for peace.

There is no possibility of a ceasefire while Hamas is still in power. As Senator Marco Rubio (R-FL) said, “Israel must destroy every element of Hamas,” who’s sole and sinister purpose is to eradicate Israel and the Jewish people [2]. For your reference, we have provided excerpts from the Hamas charter below [3].

Hamas has rejected proposals for months-long pauses in fighting simply in exchange for releasing the hostages. They have vowed to draw Israel into an eternal war, manipulating public opinion and thwarting the process of normalization underway between Israel and several Arab countries. Please note that there was in fact a ceasefire in place on October 7, when Hamas slaughtered Israelis, Americans, and Foreign Nationals in the most barbaric ways seen in centuries. Hamas vows to repeat this over and over even after a new ceasefire agreement is reached.

Furthermore, we urge you not to approve any resolution whose language parrots a false narrative claiming that Jewish people in Israel are colonizers engaged in a 75-year occupation. In fact there has been a Jewish presence in Israel for the past 3,000 years. They are neither colonizers, nor “occupiers” in Gaza - Gaza has been independent since 2005 when Israel removed all its residents and military from Gaza. In 2006, Gazans voted Hamas into power and they have been under Hamas rule since. Nonetheless, anti-Israel and anti-Jewish voices claim that Israel is occupying Gaza and that “resistance is justified”, spreading dangerous misinformation about a democratic country that is used as a justification for terrorism.

As a city council, you represent your local residents in municipal decisions. If the city council were to engage in international affairs, you would likely need to vote on various matters, such

as the ongoing Syrian war, the Yemen Civil War, the Rohingya Crisis, the South Sudanese Civil War, and numerous other global issues.

Sadly, ceasefire resolutions have been considered in many city councils in the past few months, and each time rather than enhance peace, they have brought with them vitriol, which has contributed to the 400% increase in anti-Semitism in this country [4]. We have most recently witnessed alarming Neo-Nazi marches in Nashville, the apprehension of an individual plotting to harm the Jewish community in Indiana, physical harm inflicted on Jews on college campuses, the murder of a Jewish man in San Diego and the unsettling cancellation of all college classes in Queens due to a credible terrorist threat.

Normalizing hate against Jews fuels white supremacy, which is seeing an unprecedented growth. The normalization of hate against Jews inadvertently is going to impact ALL minorities. We don't need any more hate in this country. We cannot regress as a country.

Jewish people do not advocate for unnecessary conflicts; it's not in our nature. Our priority is the safe return of our innocent civilians who are being held hostage, possibly under very violent conditions. Additionally, we must protect ourselves from a hostile terrorist organization that harbors destructive intentions towards Jews. Let's be clear, Hamas is waging a war against the Jewish people and democracy itself. Senior Hamas official Mahmoud Al-Zahar stated on December 12, 2022, "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity." (source: <http://tinyurl.com/5n8298r4>)

Furthermore, with all the international conflicts that have not merited your attention, deciding to suddenly weigh in on Israel's foreign policy would send a dual message: a) that a democracy has no right to defend itself against barbaric terrorism, and b) that you hold Israel to a different standard than other countries.

The European Parliament has passed a stipulation that any call for a ceasefire should be conditional on the complete dismantling of Hamas and the immediate and unconditional release of hostages. We hope you would agree.

Thank you for your consideration.

Sincerely,

Solomon Koschitzki

Dear Council Members,

We are reaching out in opposition to a ceasefire resolution that will be proposed at your meeting.

While this appears to be a resolution in favor of peace, in fact it is a propaganda move to incite anti-Democracy, anti-Israel, and anti-Jewish sentiments. We urge you to refuse to even consider the resolution.

These politically motivated resolutions are circulating in “toolkits” sent out by the Committee on American Islamic Relations (CAIR) and other terrorist network support groups in the U.S. [1]. The toolkits overtly state that they do not care about the wording; they just want to be able to claim that the city/county has denounced Israel. They have unfailingly proved divisive to the community and have had the effect of pitting sides against each other in antipathy rather than bonding them together in a mutual desire for peace.

There is no possibility of a ceasefire while Hamas is still in power. As Senator Marco Rubio (R-FL) said, “Israel must destroy every element of Hamas,” who’s sole and sinister purpose is to eradicate Israel and the Jewish people [2]. For your reference, we have provided excerpts from the Hamas charter below [3].

Hamas has rejected proposals for months-long pauses in fighting simply in exchange for releasing the hostages. They have vowed to draw Israel into an eternal war, manipulating public opinion and thwarting the process of normalization underway between Israel and several Arab countries. Please note that there was in fact a ceasefire in place on October 7, when Hamas slaughtered Israelis, Americans, and Foreign Nationals in the most barbaric ways seen in centuries. Hamas vows to repeat this over and over even after a new ceasefire agreement is reached.

Furthermore, we urge you not to approve any resolution whose language parrots a false narrative claiming that Jewish people in Israel are colonizers engaged in a 75-year occupation. In fact there has been a Jewish presence in Israel for the past 3,000 years. They are neither colonizers, nor “occupiers” in Gaza - Gaza has been independent since 2005 when Israel removed all its residents and military from Gaza. In 2006, Gazans voted Hamas into power and they have been under Hamas rule since. Nonetheless, anti-Israel and anti-Jewish voices claim that Israel is occupying Gaza and that “resistance is justified”, spreading dangerous misinformation about a democratic country that is used as a justification for terrorism.

As a city council, you represent your local residents in municipal decisions. If the city council were to engage in international affairs, you would likely need to vote on various matters, such as the ongoing Syrian war, the Yemen Civil War, the Rohingya Crisis, the South Sudanese

Civil War, and numerous other global issues.

Sadly, ceasefire resolutions have been considered in many city councils in the past few months, and each time rather than enhance peace, they have brought with them vitriol, which has contributed to the 400% increase in anti-Semitism in this country [4]. We have most recently witnessed alarming Neo-Nazi marches in Nashville, the apprehension of an individual plotting to harm the Jewish community in Indiana, physical harm inflicted on Jews on college campuses, the murder of a Jewish man in San Diego and the unsettling cancellation of all college classes in Queens due to a credible terrorist threat.

Normalizing hate against Jews fuels white supremacy, which is seeing an unprecedented growth. The normalization of hate against Jews inadvertently is going to impact ALL minorities. We don't need any more hate in this country. We cannot regress as a country.

Jewish people do not advocate for unnecessary conflicts; it's not in our nature. Our priority is the safe return of our innocent civilians who are being held hostage, possibly under very violent conditions. Additionally, we must protect ourselves from a hostile terrorist organization that harbors destructive intentions towards Jews. Let's be clear, Hamas is waging a war against the Jewish people and democracy itself. Senior Hamas official Mahmoud Al-Zahar stated on December 12, 2022, "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity." (source: <http://tinyurl.com/5n8298r4>)

Furthermore, with all the international conflicts that have not merited your attention, deciding to suddenly weigh in on Israel's foreign policy would send a dual message: a) that a democracy has no right to defend itself against barbaric terrorism, and b) that you hold Israel to a different standard than other countries.

The European Parliament has passed a stipulation that any call for a ceasefire should be conditional on the complete dismantling of Hamas and the immediate and unconditional release of hostages. We hope you would agree.

Thank you for your consideration.

Sincerely,

Maxine Kosofsky

Dear City Manager Miguel Marquiz,

I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.

Dear Mayor and City Council,

I work in Old Town Pasadena, have lived in Pasadena proper for 4 years and now in South Pasadena for 3 years.

I personally know a number of Palestinians, and my parents have been scholars and volunteers in Israel/Palestine for a number of years. From my Mennonite upbringing and current beliefs, I find *all* violence abhorrent, but particularly the current war crimes of withholding humanitarian aid from millions of civilians.

I have been deeply alarmed by the genocide occurring in Gaza. Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated the bombardment of Rafah, "the last safe zone" in Gaza where more than 1.4 million displaced Palestinians are seeking refuge.

Additionally, a majority of people in Gaza are facing starvation due to humanitarian aid being blocked, with the UN warning of famine as soon as May.

It is critical that **we respond firmly and strongly with a ceasefire resolution**. Please join the over 55 US cities, including San Francisco, Cudhy, Oakland, and Pomona in calling for an immediate and permanent ceasefire.

From the comfort of our homes and lives here in Pasadena, let us take this one small but courageous action to call for an end to this horror.

Thank you,
Andrea Kraybill

Dear Mayor Gordo,

As a Pasadena resident, I am feeling absolutely heart-broken and outraged at what is occurring to the Palestinian people in Gaza and elsewhere right now. This is genocide, pure and simple. People are starving, dying of thirst, being bombed, being driven out of their homes to a "safe" zone and then bombed some more.

We need to immediately join the 50+ U.S. cities that have declared a ceasefire. This can't wait. And we need to demand that no more U.S. money go to support Israeli weapons against Gazans and those in the West Bank and elsewhere in Palestine.

Thank you. I hope you do the humane thing. We weren't born to support such terror against our brothers and sisters!

Dear Mayor and City Councilors,

I am writing to you in a time of deep grief, sadness, and anger about the United States using taxpayer dollars to financially and materially allow for the genocide occurring in Gaza and the additional targeting of Palestinians in the West Bank.

I am a bread baker who mostly bakes for others, as a way to bring people together and build relationships as we share nourishment. The flour massacre, followed by many other assaults on starving people lined up for aid, has broken and re-broken my already broken heart.

Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated bombardment of Rafah, “the last safe zone” in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

Thank you,

Dear Council Members,

We are reaching out in opposition to a ceasefire resolution that will be proposed at your meeting.

While this appears to be a resolution in favor of peace, in fact it is a propaganda move to incite anti-Democracy, anti-Israel, and anti-Jewish sentiments. We urge you to refuse to even consider the resolution.

These politically motivated resolutions are circulating in “toolkits” sent out by the Committee on American Islamic Relations (CAIR) and other terrorist network support groups in the U.S. [1]. The toolkits overtly state that they do not care about the wording; they just want to be able to claim that the city/county has denounced Israel. They have unfailingly proved divisive to the community and have had the effect of pitting sides against each other in antipathy rather than bonding them together in a mutual desire for peace.

There is no possibility of a ceasefire while Hamas is still in power. As Senator Marco Rubio (R-FL) said, “Israel must destroy every element of Hamas,” who’s sole and sinister purpose is to eradicate Israel and the Jewish people [2]. For your reference, we have provided excerpts from the Hamas charter below [3].

Hamas has rejected proposals for months-long pauses in fighting simply in exchange for releasing the hostages. They have vowed to draw Israel into an eternal war, manipulating public opinion and thwarting the process of normalization underway between Israel and several Arab countries. Please note that there was in fact a ceasefire in place on October 7, when Hamas slaughtered Israelis, Americans, and Foreign Nationals in the most barbaric ways seen in centuries. Hamas vows to repeat this over and over even after a new ceasefire agreement is reached.

Furthermore, we urge you not to approve any resolution whose language parrots a false narrative claiming that Jewish people in Israel are colonizers engaged in a 75-year occupation. In fact there has been a Jewish presence in Israel for the past 3,000 years. They are neither colonizers, nor “occupiers” in Gaza - Gaza has been independent since 2005 when Israel removed all its residents and military from Gaza. In 2006, Gazans voted Hamas into power and they have been under Hamas rule since. Nonetheless, anti-Israel and anti-Jewish voices claim that Israel is occupying Gaza and that “resistance is justified”, spreading dangerous misinformation about a democratic country that is used as a justification for terrorism.

As a city council, you represent your local residents in municipal decisions. If the city council were to engage in international affairs, you would likely need to vote on various matters, such as the ongoing Syrian war, the Yemen Civil War, the Rohingya Crisis, the South Sudanese

Civil War, and numerous other global issues.

Sadly, ceasefire resolutions have been considered in many city councils in the past few months, and each time rather than enhance peace, they have brought with them vitriol, which has contributed to the 400% increase in anti-Semitism in this country [4]. We have most recently witnessed alarming Neo-Nazi marches in Nashville, the apprehension of an individual plotting to harm the Jewish community in Indiana, physical harm inflicted on Jews on college campuses, the murder of a Jewish man in San Diego and the unsettling cancellation of all college classes in Queens due to a credible terrorist threat.

Normalizing hate against Jews fuels white supremacy, which is seeing an unprecedented growth. The normalization of hate against Jews inadvertently is going to impact ALL minorities. We don't need any more hate in this country. We cannot regress as a country.

Jewish people do not advocate for unnecessary conflicts; it's not in our nature. Our priority is the safe return of our innocent civilians who are being held hostage, possibly under very violent conditions. Additionally, we must protect ourselves from a hostile terrorist organization that harbors destructive intentions towards Jews. Let's be clear, Hamas is waging a war against the Jewish people and democracy itself. Senior Hamas official Mahmoud Al-Zahar stated on December 12, 2022, "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity." (source: <http://tinyurl.com/5n8298r4>)

Furthermore, with all the international conflicts that have not merited your attention, deciding to suddenly weigh in on Israel's foreign policy would send a dual message: a) that a democracy has no right to defend itself against barbaric terrorism, and b) that you hold Israel to a different standard than other countries.

The European Parliament has passed a stipulation that any call for a ceasefire should be conditional on the complete dismantling of Hamas and the immediate and unconditional release of hostages. We hope you would agree.

Thank you for your consideration.

Excerpts from Hamas Charter:

1. 'Israel will exist and will continue to exist until Islam will obliterate it, just as it obliterated others before it.' (Preamble)
2. 'The day the enemies usurp part of Muslim land, Jihad becomes the individual duty of every Muslim. In the face of the Jews' usurpation, it is compulsory that the banner of Jihad be raised.' (Article 15)
3. 'Ranks will close, fighters joining other fighters, and masses everywhere in the Islamic world will come forward in response to the call of duty, loudly proclaiming: 'Hail to Jihad!'. This cry will reach the heavens and will go on being resounded until liberation is achieved, the invaders vanquished and Allah's victory comes about.' (Article 33)
4. 'There is no solution for the Palestinian problem except through Jihad. Initiatives, proposals, and international conferences are a waste of time and futile.' (Article 13)
5. 'The Day of Judgment will not come about until Muslims fight Jews and kill them. Then, the Jews will hide behind rocks and trees, and the rocks and trees will cry out: 'O Muslim, there is a Jew hiding behind me, come and kill him.' (Article 7) [3].

Dear City Manager Miguel Marquiz,

I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.

Dear Felicia Williams,

Please vote "Yes" to the resolution condemning the genocide in Gaza and calling for a ceasefire on Monday March 18.

Human Rights Watch agrees with the International Court of Justice that Israel's actions in Gaza constitute a genocide and urges other countries to "use all forms of leverage, including sanctions and embargoes, to press the Israeli government to comply with the court's binding orders in the genocide case."

Human Rights Watch has also previously called the conditions in the West Bank and Gaza "apartheid" conditions.

The Israeli human rights group, B'T Selem, accuses Israel of War Crimes in Gaza and states, "...this policy is not new, but has been implemented towards Gaza for many years. The death, destruction, pain and horror it has wrought have led to nothing but more horror."

Pasadena can do our part by passing a ceasefire resolution now.

Thank you,

Dear Mayor and City Councilors,

I have been deeply alarmed by the genocide occurring in Gaza. Since Oct. 7, over 38,000 people have been killed by Israeli forces. Most recently, Israel has escalated bombardment of Rafah, “the last safe zone” in Gaza where more than 1.5 million displaced Palestinians are seeking refuge.

Additionally, a majority of people in Gaza are facing starvation due to humanitarian aid being blocked with the UN warning of famine as soon as May.

It is critical that we respond firmly and strongly with a ceasefire resolution. Please join the over 70 US cities, including San Francisco, Cudahy, Oakland, and Pomona in voting for a ceasefire by voting “Yes” on the resolution introduced by Councilmember Rivas, this Monday

Thank you,

In addition to my previous comments regarding a strong opposition to a Ceasefire Resolution, I have several questions and comments regarding the City Council agenda that was published today at:

https://ww2.cityofpasadena.net/2024%20Agendas/Mar_18_24/Agenda.asp

With Respect to Concilperson Rivas' proposal, I wanted ask if Pasadena is also going to also make resolutions about the current situations in Senegal, Haiti, The Democratic Republic of Congo, Pakistan, Ukraine, Moldova, Paupa New Guinea, and Sengal? If not and we are only writing resolutions about the Israeli-Hamas war, then Pasadena is singling out the world's only Jewish nation-state for comment. This is inherently anti-semetic. I believe that you would either need to make resolutions for each worldwide conflict or no conflicts. Given that Pasadena has limited time resources, these resources (including that of Counselpeople's time) need to stay focused on Pasadena and its residents.

Furthermore with respect to the Attachments to the Agenda:

1. With respect to the sample resolutions in Attachment B, most of those resolutions were NOT adopted which is why they are only signed as being entered into public record for consideration. For example, the first example (Claremont) did not adopt that resolution The title "Examples of Resolutions" is just that. Examples of those proposed, not ones that were passed.

2.Attachment E is a good example of calling for solidarity which directly affected the API community of Pasadena.No one was opposed to it. It did not address the API community specifically in other countries (i.e. the atrocities in Minyanmar) and we are also not asking for the Pasadena City Council to pass a resolution condemning the murder and kidnapping of dozens of Thai workers in Israel on October 7th.

THE CITY COUNCIL SHOULD STAY FOCUSED ON THE WELL-BEING OF THE CITY OF PASADENA AND IT'S RESIDENTS. I URGE THE CITY COUNCIL TO ADOPT PROPOSED RESOLUTION (2) WHICH CODIFIES THAT WE WILL NOT WEIGH IN ON ANY NON-LOCAL POLITICAL ISSUES.

essentially resided in Pasadena since. I am a physician and thus have working knowledge of our city's resources. We rely on the city to help with local issues that affect our community such as public health, housing/homelessness, parks and recreation, public works, and fire/emergency services.

There is a growing mob of disruptive individuals who neither live nor reside in Pasadena that seem to be obsessed with going to multiple city council meetings to spread their misguided ideologies which essentially attempt to divert resources such as staff time to craft resolutions regarding the current crisis in the Middle East. Some of these individuals (including James "Jaime" Gutierrez a "civil rights attorney" and his wife Yasmin Cardona who live in Glendora and work in Pomona) not only have no ties to Pasadena, but also have no ties to the Middle East other than a chronic history of anti-semitism (see track record from facebook posts below).

While everyone wants peace in the Middle East, these "Immediate Ceasefire" resolutions do not acknowledge the October 7th attacks that prompted the current war. nor do they actually directly or indirectly benefit anyone in Palestine. However, these resolutions have caused division in communities and lead to a rise in anti-Semitic acts and attacks at synagogues and in schools.

At the City Council meeting in Chino Hills on Monday March 12th, City Manager Benjamin Montgomery estimated that the City of Chino Hills has utilized \$40,000 in city funds via listening and responding to public comments about this issue as the aforementioned group has appeared at 4 consecutive meetings demanding this "Immediate Ceasefire" resolution prompting the city to adopt a resolution that the City Council only address items over which the city had jurisdiction. (video available at <https://chinohillsca.new.swagit.com/videos/299806>)

Out of respect for the people of Pasadena and the unique strengths and challenges we face, I want to keep our home from being the next target of this troublesome group. Although they initially had some "success" when they took up space and appeared in West Covina and Rancho Cucamonga calling for the same thing, the city of Azusa recently did not agendaize it because of the commotion that was made by these individuals in the city Claremont. Both Claremont and Chino Hills recently made resolutions to not weigh in on non-local issues as advised by their staff.

I encourage the city councils to not to weigh in on social and political issues that are not local to Pasadena so that the city can focus on its own residents and their needs. Pasadena has enough to deal with locally and does not have the research nor expertise to make informed decisions about issues halfway around the globe.

I urge you to join Azusa, Chino Hills, and Claremont in not succumbing to their rhetoric and to stay neutral on international political issues that do not directly affect the residents of Pasadena.

Thank you,

Dear Council Members,

We are reaching out in opposition to a ceasefire resolution that will be proposed at your meeting.

While this appears to be a resolution in favor of peace, in fact it is a propaganda move to incite anti-Democracy, anti-Israel, and anti-Jewish sentiments. We urge you to refuse to even consider the resolution.

These politically motivated resolutions are circulating in “toolkits” sent out by the Committee on American Islamic Relations (CAIR) and other terrorist network support groups in the U.S. [1]. The toolkits overtly state that they do not care about the wording; they just want to be able to claim that the city/county has denounced Israel. They have unfailingly proved divisive to the community and have had the effect of pitting sides against each other in antipathy rather than bonding them together in a mutual desire for peace.

There is no possibility of a ceasefire while Hamas is still in power. As Senator Marco Rubio (R-FL) said, “Israel must destroy every element of Hamas,” who’s sole and sinister purpose is to eradicate Israel and the Jewish people [2]. For your reference, we have provided excerpts from the Hamas charter below [3].

Hamas has rejected proposals for months-long pauses in fighting simply in exchange for releasing the hostages. They have vowed to draw Israel into an eternal war, manipulating public opinion and thwarting the process of normalization underway between Israel and several Arab countries. Please note that there was in fact a ceasefire in place on October 7, when Hamas slaughtered Israelis, Americans, and Foreign Nationals in the most barbaric ways seen in centuries. Hamas vows to repeat this over and over even after a new ceasefire agreement is reached.

Furthermore, we urge you not to approve any resolution whose language parrots a false narrative claiming that Jewish people in Israel are colonizers engaged in a 75-year occupation. In fact there has been a Jewish presence in Israel for the past 3,000 years. They are neither colonizers, nor “occupiers” in Gaza - Gaza has been independent since 2005 when Israel removed all its residents and military from Gaza. In 2006, Gazans voted Hamas into power and they have been under Hamas rule since. Nonetheless, anti-Israel and anti-Jewish voices claim that Israel is occupying Gaza and that “resistance is justified”, spreading dangerous misinformation about a democratic country that is used as a justification for terrorism.

As a city council, you represent your local residents in municipal decisions. If the city council were to engage in international affairs, you would likely need to vote on various matters, such as the ongoing Syrian war, the Yemen Civil War, the Rohingya Crisis, the South Sudanese

Civil War, and numerous other global issues.

Sadly, ceasefire resolutions have been considered in many city councils in the past few months, and each time rather than enhance peace, they have brought with them vitriol, which has contributed to the 400% increase in anti-Semitism in this country [4]. We have most recently witnessed alarming Neo-Nazi marches in Nashville, the apprehension of an individual plotting to harm the Jewish community in Indiana, physical harm inflicted on Jews on college campuses, the murder of a Jewish man in San Diego and the unsettling cancellation of all college classes in Queens due to a credible terrorist threat.

Normalizing hate against Jews fuels white supremacy, which is seeing an unprecedented growth. The normalization of hate against Jews inadvertently is going to impact ALL minorities. We don't need any more hate in this country. We cannot regress as a country.

Jewish people do not advocate for unnecessary conflicts; it's not in our nature. Our priority is the safe return of our innocent civilians who are being held hostage, possibly under very violent conditions. Additionally, we must protect ourselves from a hostile terrorist organization that harbors destructive intentions towards Jews. Let's be clear, Hamas is waging a war against the Jewish people and democracy itself. Senior Hamas official Mahmoud Al-Zahar stated on December 12, 2022, "The entire 510 million square kilometers of Planet Earth will come under [a system] where there is no injustice, no oppression, no treachery, no Zionism, no treacherous Christianity." (source: <http://tinyurl.com/5n8298r4>)

Furthermore, with all the international conflicts that have not merited your attention, deciding to suddenly weigh in on Israel's foreign policy would send a dual message: a) that a democracy has no right to defend itself against barbaric terrorism, and b) that you hold Israel to a different standard than other countries.

The European Parliament has passed a stipulation that any call for a ceasefire should be conditional on the complete dismantling of Hamas and the immediate and unconditional release of hostages. We hope you would agree.

Thank you for your consideration.

Sincerely,
David Seligsohn

Dear City Manager Miguel Marquiz,

I am writing you today to urge you not to adopt any biased "ceasefire" resolution that would fuel divisions and hate in our community, while harming efforts to end the horrific October 7th War.

I want an end to the fighting and suffering in Gaza and Israel, as I'm sure you do. However, biased "ceasefire" city council resolutions have been shown to have no impact on this complex conflict. In fact, what the Jewish community has witnessed is that resolutions like this actually fuel more hate towards Jews and anyone else who does not believe cities should weigh in on international issues. There are many examples of such hate, including in the Oakland and Long Beach city councils.

I feel it is important to remind you of the following:

1. A ceasefire existed on October 6 but was broken by Hamas on October 7 when they brutally attacked Israel, killing 1,200 innocent civilians and kidnapping 253 people – ranging in age from 9 months to 85 years old.
2. Israel has accepted terms laid out by international negotiators for an extended ceasefire and drastic increase in humanitarian aid to Gaza. It is Hamas that has thus far rejected such a ceasefire.
3. There would be a permanent ceasefire tomorrow if Hamas would release all hostages, lay down its arms, and allow Israelis and Palestinians to rebuild in peace and security.

The type of "ceasefire" you are being pressured to support would not bring a just or lasting peace. What it would do is help Hamas, a genocidal terrorist group, maintain its grip on power in Gaza and continue its endless war against Israel. While I do not believe municipal governments should address international affairs at all, if you choose to adopt a resolution on this issue it must include a clear call for Hamas to release all hostages and surrender now.

I know that the Pasadena City Council wants to do the right thing and bring about an end to the humanitarian crisis, but this symbolic gesture will do nothing more than bring more hate and animosity towards the Jewish community.

I urge you not to adopt a resolution and use your energy to bring people together, rather than further dividing us.
