Discussion ensued regarding coordination with the Burbank-Glendale-Pasadena Housing Trust and the San Gabriel Valley Council of Governments (“SGVCOG”) Housing Trust to allocate funding for affordable housing.

In response to Councilmember Lyon’s inquiry regarding the recent budget cuts for homelessness funding, Mr. Santana reported that the County’s traditional spending on comprehensive homeless services decreased due to disbursement of funds to other categories. He noted that despite the decrease in traditional funding, the Measure A funding and the \$300 million allocated for LACAHS (LA County Affordable Housing Solutions Agency) allows for an overall increase of funding for homeless services and affordable housing projects. Supervisor Barger also stated the need for auditing of funds and expenditures to ensure appropriate and effective usage of funds.

In response to Councilmember Lyon’s inquiry regarding the movements of unhoused individuals throughout the County, Mr. Santana reported that the County has created a manual for jurisdictions to follow and use as a guide in response to the Grants Pass decision, and he noted that the County utilizes the Pathway Home approach to get unhoused individuals off of the streets, place them into interim housing, and provide guidance.

Councilmember Madison expressed his concerns regarding recent incidents at Metro stations, and Mayor Gordo advocated for the City to have a coordinated comprehensive approach with Metro law enforcement and Pasadena Police Department, and requested that LA County consider funding additional H.O.P.E. teams and/or officers to improve public safety at these stations and surrounding areas.

Councilmember Cole advocated for the City to adopt the SGVCOG’s good neighbor policy, ensuring that cities take responsibility to help the unhoused individuals in their own jurisdictions.
